Unit 691 Repairing basic stonemasonry structures in the workplace

19 credits

Level: 2
UAN: M/503/3126

Unit aim:
This unit aims to provide you with the necessary skills and knowledge to:

- interpret information
- adopt safe and healthy working practices
- select materials, components and equipment
- repairing existing stonemasonry walling structures.

*PER – Portfolio evidence reference SO – Site observation OQ – Oral question WQ – Written question WT – Witness testimony
PS – Product supplementary PD – Professional discussion

Assessment criteria that are practical activities are highlighted in bold.

1. Interpret the given information relating to the work and resources when repairing basic stonemasonry structures.							
You must be able to:	*PER	SO	OQ	WQ	WT	PS	PD
1.1 **interpret and extract relevant information from:**							
a. **drawings**							
b. **specifications**							
c. **schedules**							
d. **risk assessments**							
1.2 **comply with information and/or instructions derived from risk assessments and method statements**							
1.3 state the organisational procedures developed to report and rectify inappropriate information and unsuitable resources and how they are implemented							

1.4 describe different types of information, their source and how they are interpreted in relation to:							
a. drawings							
b. specifications							
c. schedules							
d. method statements							
e. risk assessments							
f. technical information							
g. appropriate regulations.							

2. Know how to comply with relevant legislation and official guidance when repairing basic stonemasonry structures.							
You must be able to:	*PER	SO	OQ	WQ	WT	PS	PD
2.1 describe your responsibilities under current legislation and official guidance whilst working:							
a. in the workplace							
b. at height							
c. with tools and equipment							
d. with materials and substances							
e. with movement/storage of materials							
f. by manual handling							
g. by mechanical lifting							
2.2 describe the organisational security procedures for tools, equipment and personal belongings in relation to:							
a. site							
b. workplace							
c. company							
d. operative							
e. tools							
2.3 explain what the accident reporting procedures are and who is responsible for making reports.							

3. Maintain safe working practices when repairing basic stonemasonry structures.							
You must be able to:	*PER	SO	OQ	WQ	WT	PS	PD
3.1 **use health and safety control equipment and access equipment safely to carry out the activity in accordance with legislation and organisational requirements when repairing basic stonemasonry structures**							
3.2 explain why and when health and safety control equipment, identified by the principles of protection, should be used, relating to repairing basic stonemasonry structures, and the types, purpose and limitations of each type, the work situation and general work environment, in relation to:							
a. collective protective measures							
b. Personal Protective Equipment (PPE)							
c. Respiratory Protective Equipment (RPE)							
d. Local Exhaust Ventilation (LEV)							
3.3 describe how the relevant health and safety control equipment should be used in accordance with the given instructions							
3.4 state how emergencies should be responded to in accordance with organisational authorisation and personal skills when involved with:							
a. fires							
b. spillages							
c. injuries							
d. other task-related hazards.							

4. Select the required quantity and quality of resources for the methods of work to repair basic stonemasonry structures.							
You must be able to:	*PER	SO	OQ	WQ	WT	PS	PD
4.1 select resources associated with own work in relation to:							
a. materials							
b. components							
c. appropriate fixings							
d. tools							
e. equipment							
4.2 describe the characteristics, quality, uses, sustainability limitations and defects associated with the resources in relation to:							
a. natural stones, plain and dressed							
b. fixings							
c. fine aggregates							
d. cement							
e. lime additives							
f. adhesives							
g. dampness barriers							
h. colourings							
i. insulation							
j. props							
k. struts							
l. hand and/or powered tools and equipment							
4.3 describe how the resources should be used correctly and how problems associated with the resources are reported							
4.4 explain why the organisational procedures have been developed and how they are used for the selection of required resources							
4.5 describe any potential hazards associated with the resources and method of work							

4.6 describe how to calculate:							
a. quantity							
b. length							
c. area							
d. volume							
e. wastage associated with the method/procedure to repair basic stonemasonry structures.							

5. Minimise the risk of damage to the work and surrounding area when repairing basic stonemasonry structures.							
You must be able to:	*PER	SO	OQ	WQ	WT	PS	PD
5.1 **protect the work and its surrounding area from damage in accordance with safe working practices and organisational procedures**							
5.2 **minimise damage and maintain a clean work space**							
5.3 **dispose of waste in accordance with legislation**							
5.4 describe how to protect work from damage and the purpose of protection in relation to:							
a. general workplace activities							
b. other occupations							
c. adverse weather conditions							
5.5 explain why the disposal of waste should be carried out safely in accordance with:							
a. environmental responsibilities							
b. organisational procedures							
c. manufacturers' information							
d. statutory regulations							
e. official guidance.							

6. Complete the work within the allocated time when repairing basic stonemasonry structures.							
You must be able to:	*PER	SO	OQ	WQ	WT	PS	PD
6.1 **demonstrate completion of the work within the allocated time**							
6.2 state the purpose of the work programme and explain why deadlines should be kept in relation to:							
a. types of progress charts, timetables and estimated times							
b. organisational procedures for reporting circumstances which will affect the work programme.							

7. Comply with the given contract information to repair basic stonemasonry structures to the required specification.							
You must be able to:	*PER	SO	OQ	WQ	WT	PS	PD
7.1 **demonstrate the following work skills when repairing basic stonemasonry structures:**							
a. **measuring**							
b. **marking out**							
c. **cutting out**							
d. **removing**							
e. **renewing**							
f. **fixing**							
g. **finishing**							
7.2 **repair stonemasonry structures in plain and part dressed stone to given working instructions to:**							
a. **cavity and solid stone walling**							
b. **individual damaged/defective stones**							
c. **replicate stones**							
d. **clean beds and joints**							
e. **match finishes**							
7.3 **safely use:**							

a. **materials**							
b. **hand tools and/or portable power tools**							
c. **portable power tools**							
d. **ancillary equipment**							
7.4 **safely store the materials, tools and equipment used when repairing basic stonemasonry structures**							
7.5 describe how to apply safe work practices, follow procedures, report problems and establish the authority needed to rectify them, to:							
a. repair existing stonemasonry structures in matching materials and finishes							
b. prop existing structures							
c. cut out and replace stones							
d. clean beds and joints							
e. mix mortars and adhesives							
f. use hand tools, power tools and equipment							
g. work at height							
h. use access equipment							
7.6 describe the needs of other occupations and how to effectively communicate within a team when repairing basic stonemasonry structures							
7.7 describe how to maintain the tools and equipment used when repairing basic stonemasonry structures.							

Unit 691 Repairing basic stonemasonry structures in the workplace

Declaration

I confirm that the evidence supplied for the above unit is authentic and a true representation of my own work. The work logged is my own work carried out during my normal work duties.

Candidate name:	
Candidate signature:	
Date:	

I confirm that this candidate has achieved all the requirements of this unit with the evidence listed. Assessment was conducted under the specified conditions and context, and is valid, authentic, reliable, current and sufficient.
