60112840 City & Guilds Level 3 Diploma in Shopfitting Joinery

Who is this qualification for?

This qualification is for people interested to work as a shopfitter in the construction industry. You will already have qualifications in shopfitting, joinery or carpentry, or you will have significant experience working as a shopfitter in the industry, and you will be seeking to gain specialist shopfitting joinery skills and knowledge.

This qualification is suitable for anyone from 16 years old or over.

What does this qualification cover?

This qualification covers a very wide range of areas related to the skills and knowledge required for to work in more specialised and senior roles within the construction industry.

The following topics are covered within this qualification:

- Health, safety and welfare in construction
- Principles of organising, planning and pricing construction work
- Set up and use fixed and transportable machinery
- Manufacture internal shopfitting joinery products
- Manufacture external shopfitting joinery products

What could this qualification lead to?

This qualification could lead to a job as a shopfitting joiner. As a shopfitter, you may gain employment working for a company involvement in the design, build and fit-out of shops and commercial properties.

Will this qualification lead to further learning?

You could progress onto any of the following qualifications:

Level 3 NVQ Diploma in Wood Occupations
Level 4 NVQ Diploma in Site Supervision

Why choose this qualification over other similar qualifications?

You are likely to choose this qualification if you want to cover all of the skills and knowledge you will need to work as a specialist shopfitter.

Who supports this qualification?

This qualification is supported by the Federation of Master Builders.

It is intended for use as a technical level qualification at Level 3.
