LIGHT VEHICLE AUTOMOTIVE

LEVEL 2 DIPLOMA IN LIGHT VEHICLE MAINTENANCE AND REPAIR PRINCIPLES: E-LEARNING

City & Guilds SmartScreen is our dedicated online resource portal, supporting over 120 qualifications. It currently boasts more than 80,000 resources and pages of content for tutors and learners.

HOW CAN SMARTSCREEN HELP ME?

SmartScreen materials have been designed specifically for each individual qualification. They have been developed to assist tutors, and others, delivering the qualification to obtain the best possible results for their learners.

Price: £45 per learner (SS4290-70-LV2)

Supported Units: 051, 053, 054, 151, 152, 153, 154, 162, 172

- The e-learning programme provides coverage of all nine of the mandatory units within the 4920 and 4270 qualifications, giving tutors confidence that the required knowledge is being covered. Material is mapped to the City & Guilds qualification so tutors can see quickly and easily where it fits. The e-learning programme is the only product that is tied directly to the units, rather than organised by topic.
- Enables delivery of theory through interactive and engaging material, which is preferred by learners over printed material. This allows for more flexible delivery of demonstrations and other practical tasks by utilising e-learning material, which saves tutors' time and resource.
- Learner progress can be tracked and monitored and homework can be automatically marked. Detailed assessment guidance is also provided to help save even more time.
- A practical experience that 'shows' learners rather than 'tells' them what they need to know. Learners will be able to see their progress and scores in the e-learning, therefore knowing what they still have to complete, and where they need to improve.
- Practice questions from Electude offer the best possible preparation for assessment. This is the most sophisticated and interactive e-learning available on the market, and the only one to currently offer an engine simulation programme. Practice questions represent real, trustworthy preparation for assessment.
- A community forum - where tutors can ask key questions to do with the qualification, moderated by qualified subject specialists.
- This product is sold on a per learner licence. The licences will run for 12 months from the date of purchase.

Every qualification is supported by an invaluable tutor discussion forum that is monitored by an expert in the field. You can ask advice, seek views and share best practice with the thousands of other tutors already actively using SmartScreen as well as obtain a speedy response from an industry expert to any questions you may have.

Why choose Smartscreen?

Shake learning up	Offers flexibility in lesson delivery and learning styles.
Engage and motivate	Comprehensive sample questions and revision material ensure learners are well prepared for exams and assessments.
Learn inside and outside the classroom	With increased internet speeds available to learners using smartphones, laptops and tablets, resources can be accessed at any time and in any location.
24 hour support network	The tutor forums are a great way to request information and advice, including having access to an expert in the field - plus, you'll have access to forums dedicated to the Qualifications Credit Framework (QCF) and Functional Skills.
Stay ahead	The definitive source for the most up-to-date information about qualification developments and delivery information.
Do what you do best	Our lessons plans, handouts and worksheets will save tutors time, meaning that they can keep their heads out of the paper work and teach.
Peace of mind	Peace of mind that the resources fully support the qualification.

Try before you buy...

Take 20 minutes to let us show you all the material available, you won't even need to leave your desk. Find out more at www.SmartScreen.co.uk/webconferencing.
