- ✓ Developed to help tutors and learners maximize their teaching and learning experience
- ✓ Unlimited tutor and learner logins
- ✓ Outstanding value

BUILDING SERVICES ENGINEERING

LEVEL 2 DIPLOMA IN ELECTRICAL INSTALLATIONS (2365)

City & Guilds SmartScreen is our dedicated online resource portal, supporting over 120 qualifications. It currently boasts more than 80,000 resources and pages of content for tutors and learners.

HOW CAN SMARTSCREEN HELP ME?

SmartScreen materials have been designed specifically for each individual qualification. They have been developed to assist tutors, and others, delivering the qualification to obtain the best possible results for their learners

Price: £850 + VAT (SS2365-LV2-BUNDLE)

This new product combines the complete existing traditional SmartScreen materials with a dedicated e-learning package and has been designed to help learners with Unit 202. With videos and practice questions covering all of the learning outcomes for Unit 202 'Scientific Principles', this engaging product has been broken down into 23 modules, covering all of the content that learners need to know for this unit. In addition to the comprehensive schemes of work, PowerPoints, handouts etc. which cover all units in the qualification, the e-learning package:

- provides coverage of all the learning outcomes related to Unit 202 – with comprehensive (but bite-size) demonstration videos linked to sample questions
- enables delivery of the theory through interactive and engaging material
- tracks learner progress automatically. Can be set as automatically marked homework or classwork, or used as a tool for helping any learners who have missed sessions to catch up
- enables tutors to see any specific areas of weakness that groups of learners may have – which can then be addressed in the classroom/workshop
- offers a practical experience that 'shows' as well as 'tells' them what they need to know
- allows learners to see their progress and scores in the e-learning, therefore knowing what they still have to complete, and where they need to improve
- gives learners feedback on their answers to the question, with prompts and hints being offered
- offers dozens of practice questions for Unit 202
- can be accessed anytime, anywhere on phones, tablets or PCs.

Every qualification is supported by an invaluable tutor discussion forum that is monitored by an expert in the field. You can ask advice, seek views and share best practice with the thousands of other tutors already actively using SmartScreen as well as obtain a speedy response from an industry expert to any questions you may have.

Why choose Smartscreen?

Shake learning up	Offers flexibility in lesson delivery and learning styles.
Engage and motivate	Comprehensive sample questions and revision material ensure learners are well prepared for exams and assessments.
Learn inside and outside the classroom	With increased internet speeds available to learners using smartphones, laptops and tablets, resources can be accessed at any time and in any location
24 hour support network	The tutor forums are a great way to request information and advice, including having access to an expert in the field - plus, you'll have access to forums dedicated to the Qualifications Credit Framework (QCF) and Functional Skills.
Stay ahead	The definitive source for the most up-to-date information about qualification developments and delivery information.
Do what you do best	Our lessons plans, handouts and worksheets will save tutors time, meaning that they can keep their heads out of the paper work and teach.
Peace of mind	Peace of mind that the resources fully support the qualification.

Try before you buy...

Take 20 minutes to let us show you all the material available, you won't even need to leave your desk. Find out more at www.SmartScreen.co.uk/webconferencing.
