

Welcome to the Building Services Engineering Spring 2022 Newsletter

Provider Support

Your BSE team at City & Guilds has a wealth of experience within BSE and education. Two Technical Advisors, Robert Mallender and David Pye, spend the bulk of their time working directly with providers and our Industry Manager, Salim Visram, oversees City & Guilds' entire portfolio of Building Services products and services whilst leading employer engagement. Please contact buildingservices@cityandguilds.com for further information or visit - <https://www.cityandguilds.com/what-we-offer/centres/technical-advisors>

- E-Certs- particularly useful when issued for 3345 for ease in sharing - [e-certs](#)

SUMMARY OF GAS ASSESSMENT UPDATES 2022

This describes the main updates that have been made to the 'Gas Assessments' as a

result of new qualifications being made available, technical standard changes and the ACS Criteria published by EU Skills.

TECHNICAL UPDATES

The following documents have had the technical changes summarised included and should be implemented with immediate effect.

PRACTICAL ISA ASSESSMENTS:

ISA 1

The existing PAW Questions (Supplementary 2021) and associated model answers have been replaced by PAW Questions (Supplementary 2022). These include an additional question on the use of non-combustible materials installed through the exterior wall of a high risk residential building (HRRB).

ASSESSMENT PACKS (GAS SAFE REGISTER ALIGNMENT)

6189 ASSESSMENT PACKS (GSR ALIGNMENT):

These have been updated to Version 6.0 to reflect the technical and editorial changes outlined in this update that are applicable to the 6189 Scheme.

9074 ASSESSMENT PACKS (GSR ALIGNMENT):

These have been updated to Version 5.0 to reflect the technical and editorial changes outlined in this update that are applicable to the 9074 Scheme.

9189 ASSESSMENT PACKS (GSR ALIGNMENT):

These have been updated to Version 4.0 to reflect the technical and editorial changes outlined in this update that are applicable to the 9189 Scheme.

IGEM update

To confirm that IGEM/IG/1 Ed 2 Supplement 2 Domestic Natural Gas Training Specification has now been published and is available from IGEM's website free of charge.

<https://www.igem.org.uk/technical-services/technical-gas-standards/>

All awarding organisations now have to audit training in line with this document and our EQA visits will now reflect this for gas qualifications.

Setting up for 9074 Gas Engineering EPA

Support videos available to ensure centres are aware of the requirements for set and delivery of EPA
