

Functional Skills Webinar

Performance Feedback

Katherine Reid & Amanda Kelly

This webinar is being recorded and will be available on the Resource Hub shortly

Housekeeping

This session is being recorded

The session is being recorded, which will be made available on our [Resource Hub webpage](#).

Everyone is on mute

Everyone is on mute.

Slides

The slides will be available on the [Resource Hub webpage](#).

Questions

Please add your questions into the question function on the control panel. Will we endeavour to answer all questions.

If the session cuts off

Please try logging out and back in again using the original webinar link to gain access back into the session.

To join over the telephone, select “Phone Call” in the Audio pane and the dial-in information will be displayed.

Introductions

Katherine Reid
Lead Technical Advisor

Providing guidance and support across maths, English, Employability and ESOL qualifications.

[Technical Advisors | City & Guilds](#)

Amanda Kelly
Industry Manager

Managing City & Guilds' portfolio of qualifications, products and services for Maths, English, Employability and ESOL

Welcome to this session

We'll be focusing on...

- What is the e-evolve platform?
- Navigating through Centre Analytics
- Candidate performance feedback
- Q&A

But first a quick poll

If you are not able to take part in the polls, please feel free to add to the Q&A during the live webinar.

Alternatively, you can email your responses to:

pre-employment@cityandguilds.com

Are you currently using onscreen or paper based exams?

- Onscreen
- Paper
- Both

Are you currently using Centre Analytics?

- Yes
- No
- Never heard of it

What is e-volve?

- e-volve is the platform where the exams are taken
- The administration of exams takes place in e-volve
- Results for FS exams also appear in e-volve, but of course don't forget these are provisional marks only and the final pass/fail appears in Walled Garden.
- You can access feedback from e-volve but again these are provisional
- Enables Functional Skills exams can be carried out offline

Did you know?

Even if your candidate takes a Functional Skills paper exam, it is possible to obtain feedback.

[Surpass \(cityandguilds.com\)](https://www.cityandguilds.com)

Learners are registered and exams are scheduled in Walled Garden

What is centre analytics?

A results analysis tool, giving you in an in depth analysis for online and paper exams.

- Allows candidate performance data from e-volve tests to be aggregated and interrogated.
- Provides access to provisional score reports for Functional Skills candidates.

Centre analytics
(cityandguilds.com)

The screenshot displays the City & Guilds Centre Analytics interface. At the top, the 'Test History' section includes a search filter with the following criteria: From: 04/02/2013, To: 04/10/2013, Centre: 99TRNG - City & Guilds Trainers Centre, and Qual.: 9898 Navigation Tests. A bar chart shows performance data for various dates, with a legend for Pass (green), Fail (orange), and No Show (yellow). Below this, the 'Attendance Register' is visible, showing details for Centre Code: 222A22, Centre Name: EVA Centre, Date: 13/07/2015, Start Time: 09:00:00, End Time: 10:00:00, Qualification: 3748 Functional Skills, and Exam: 3748-110 Functional Skills Reading Level 1. A table lists candidate details with columns for Name, Enrolment No, and Pin No. The 'Centre Overall Performance Report' section provides a breakdown of results for the 3748-110 Reading Level 1 exam, including a table of marks achieved versus available marks for specific questions. Finally, the 'LASTNAME, First name' section shows a candidate's performance history, including a '92%' result for 'CG Global Pass Av: 39.86%' in April 2015, a '78%' result for 'CG Global Pass Av: 67.39%' in May 2014, and a '42%' result for 'CG Global Pass Av: 43.05%' in June 2013.

What is the difference between e-volve and Centre Analytics?

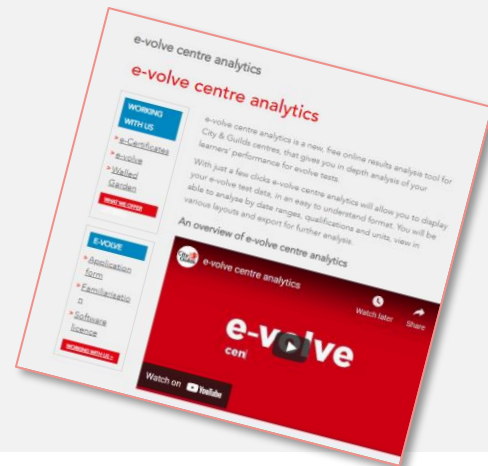

e-volve

- Set Pin for FS exams
- Print exam invigilation packs
 - Attendance register
 - Supervision reports
 - Exam keycodes
- Download and upload offline exams

Centre analytics

- Same log in as e-volve
- Stay on top of your exams calendar
- Access your test history
- Allows candidate performance data from e-volve tests to be aggregated and interrogated.
- Provides access to score reports for **online** and **paper exams**

Exams are
booked in
Walled
Garden

[Centre analytics \(cityandguilds.com\)](https://www.cityandguilds.com)

Using Centre Analytics

Once you learner has taken an exam and you want to get feedback

- Passed- how well they did
- Resit needed- so tutor will need to access performance feedback

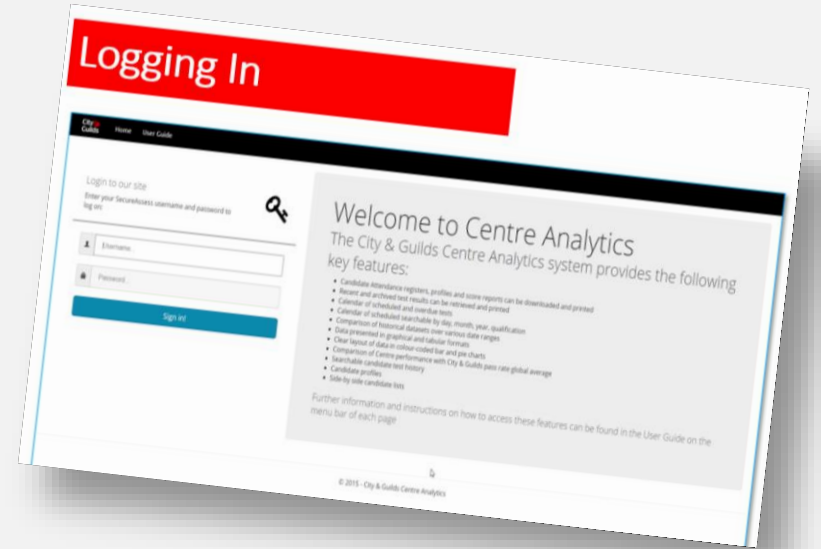

You may want to look at you individual or cohort data

Reminder

Exam papers are live, so tutors cannot see live papers or papers that learners have sat, so feedback is provided against the Subject Content statements and not specific questions.

The screenshot shows the login page for Centre Analytics. At the top, the title is "Centre Analytics (cityandguilds.com)". Below this is a navigation bar with "City & Guilds", "Home", and "User Guide" links. The main content area is split into two columns. The left column contains a login form with the heading "Login to our site" and a key icon. It asks the user to "Enter your SecureAssess username and password to log on:" and provides input fields for "Username..." and "Password...". A blue "Sign in!" button is positioned below the password field. The right column features a large heading "Welcome to Centre Analytics" followed by a sub-heading "The City & Guilds Centre Analytics system provides the following key features:". Below this is a bulleted list of features, including candidate attendance registers, test results, calendars, historical data comparisons, graphical data presentation, performance comparisons, and candidate profiles. At the bottom of the right column, it states that further information is available in the User Guide. The footer of the page contains the copyright notice "© 2023 - City & Guilds Centre Analytics".

Test History: Default view

The default view shows data across all installation IDs and qualifications for the past six months (from today).

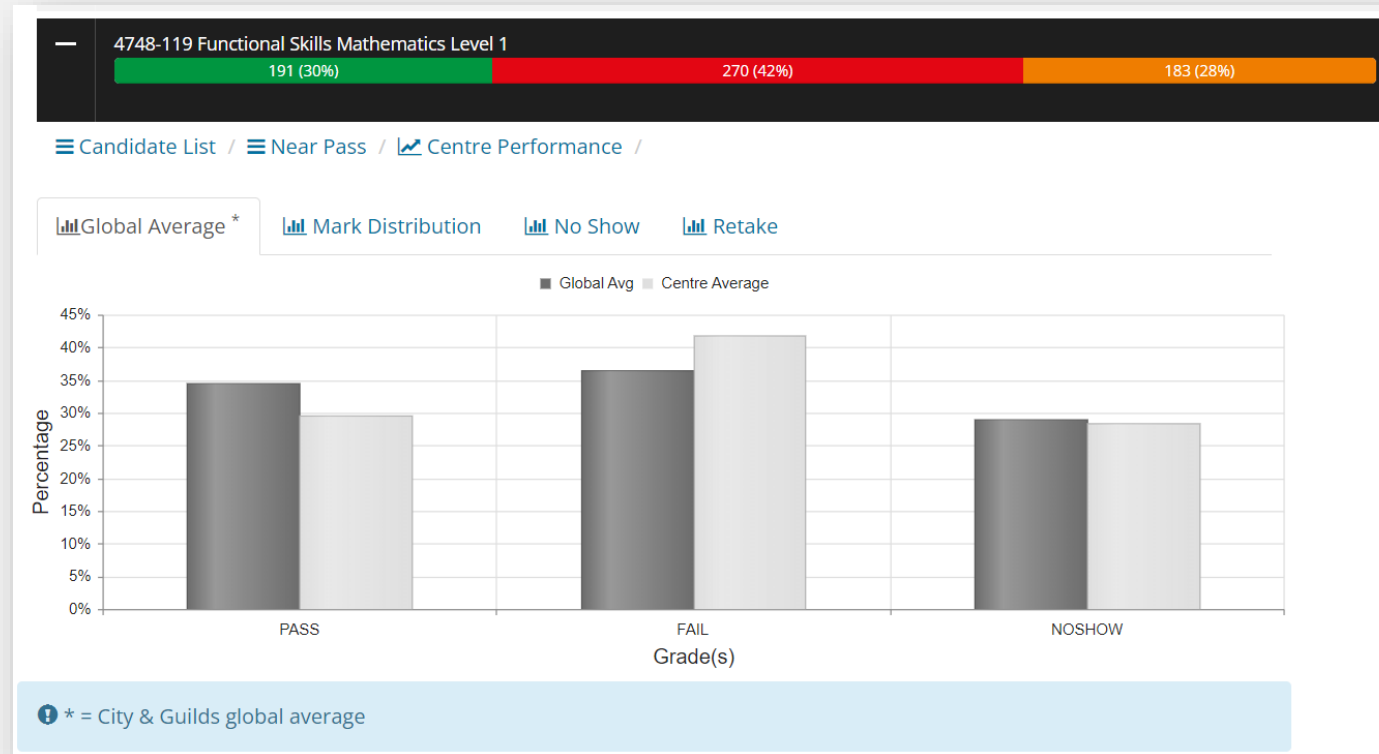

Highlight/Restrict data displayed
 Click on any symbol to grey out and temporarily remove result from bar chart; click again to make it reappear

City & Guilds – Global Average

- If you drill down to a particular exam and click on the + symbol, you can see how your centre is performing against City & Guilds global average.
- The global average is the number of pass or fail grades as an average across all the exams of this qualification taken by all City & Guilds centres for the time period you have selected

Test History

The default view shows data across all installation IDs and qualifications for the past six months (from today).

What if you only use paper-based FS exams?

- Obtain performance feedback and raw scores for candidates who have taken paper-based Functional Skills exams through Centre Analytics platform
- Contact our customer service team on evolvesupport@cityandguilds.com and provide the following information:
 - Centre Number
 - Centre Name as shown on Walled Garden
 - Name of the Primary User and their preferred Username
 - Primary User's email address
 - Name of the Secondary User and their preferred Username
 - Secondary User's email address

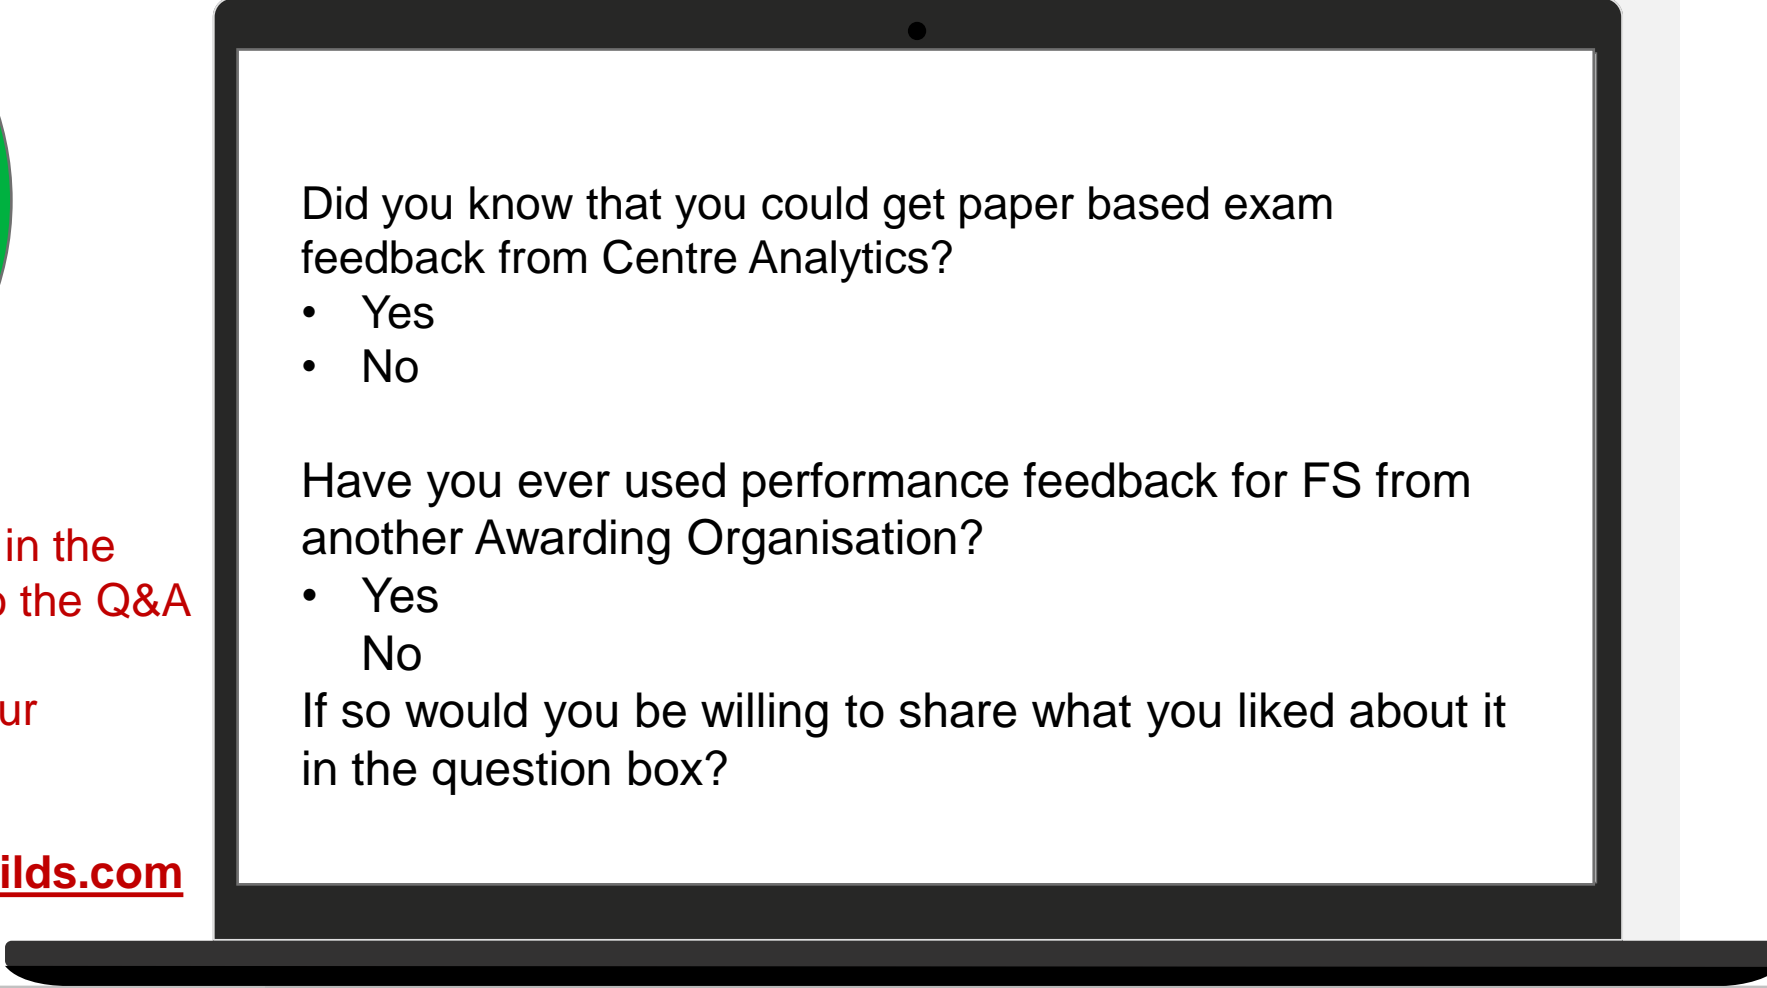

**We would
like to hear
from you**

If you are not able to take part in the polls, please feel free to add to the Q&A during the live webinar.

Alternatively, you can email your responses to:

pre-employment@cityandguilds.com

Did you know that you could get paper based exam feedback from Centre Analytics?

- Yes
- No

Have you ever used performance feedback for FS from another Awarding Organisation?

- Yes
- No

If so would you be willing to share what you liked about it in the question box?

About City & Guilds

Founded in 1878 to develop the knowledge, skills, and behaviours needed to help businesses thrive, we offer a broad and imaginative range of products and services that help people achieve their potential through workbased learning. We believe in a world where people and organisations have the confidence and capabilities to prosper, today and in the future. So we work with likeminded partners to develop the skills that industries demand across the world.

About ILM

ILM is the leading specialist provider of leadership qualifications in the UK. Last year, over 70,000 people enhanced their skills and performance with ILM, including 14,000 management apprentices. We believe that great leaders can come from anywhere. With the right support, anyone can grow and develop to make a real difference to their team and organisation. Which is why we help individuals from all levels to realise and apply their potential, so that the organisations they work for can reap the benefits.
