The screenshot displays the City & Guilds SmartScreen website. At the top left is the City & Guilds logo, and to its right is the 'SmartScreen' title. A search bar at the top right contains the text 'Search all courses' and a magnifying glass icon. Below the header, there are navigation links: 'MY SUBJECTS', 'CENTRE ADMIN', 'REPORTS', and 'LOGOUT'. The main content area is titled 'My Subjects > Maths and English'. On the left, a 'SUBJECTS' menu lists 'English', 'Maths', 'ESOL', 'Functional Skills', and 'Maths and English' (which is highlighted in blue). To the right of this menu, there are two overlapping activity cards. The top card is titled 'INTERACTIVE ACTIVITY 2: Converting money between currencies' and includes a question about exchange rates with a choice of answers: 'A) €100'. Below this, there are two video thumbnails featuring a man and a woman, likely providing instructional content for the activity.

# Taking the test

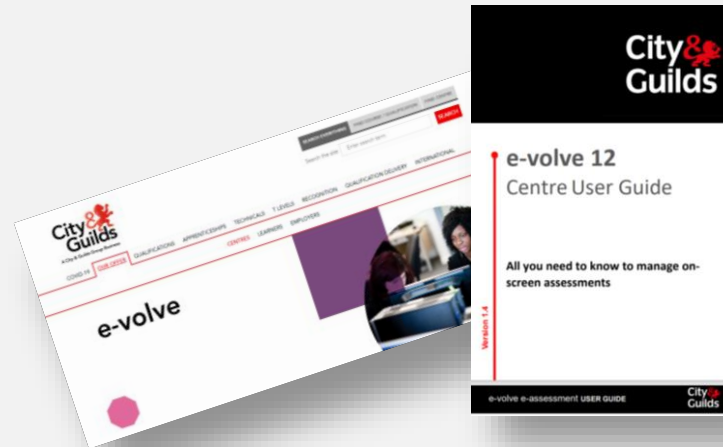

## Paper based

### Paper based exams

Offering a more traditional style of testing for your learners. Giving them flexibility to use the exam format that is best suited for their needs.

## Onscreen

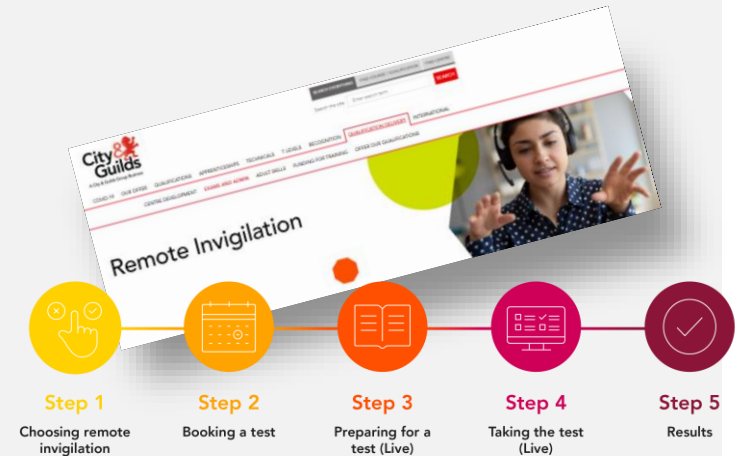

### e-volve

Helps your learners to sit tests and exams securely and easily. Can be used online or taken offline, giving greater flexibility to download to laptop or PC.

Click [here](#) for more information

## Remote Invigilation

### Live remote invigilation

Allows tests on our e-volve platform to be taken from home or in the workplace, giving more flexibility to your candidates and removing the need to travel to a test centre. Click [here](#) for more details.

## A quick poll

Were you aware that we offer a Remote Invigilation service?

- Yes
- No
- Not heard of this service

Results

## For learners

More flexibility

Reduce travel costs and time; exams can take place at home or in the workplace

Reduce exam anxiety by performing test in familiar environment

Only one device (PC or laptop) needed to take the test

## For centres

Continuity of testing in event of disruption, extreme weather conditions, Covid 19

Reduced pressure on testing rooms on site

Reduced internal invigilator staff costs

Increased delivery with more testing opportunities

# Centre analytics

- Allows candidate performance data from e-volve tests to be aggregated and interrogated.
- Also provides access to performance code information and candidates' raw marks for **paper** Functional Skills exams.

## A quick poll

Were you aware that a learner will be allocated a digital credential, once they have passed their Functional Skill exam?

- Yes
- No
- Not heard of these

# Digital credentials

**Validate skills and achievements anywhere, anytime with a digital credential**

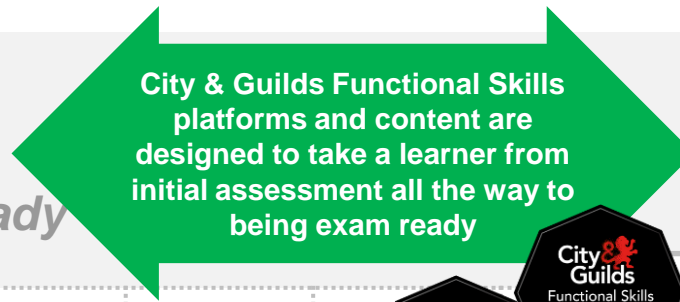

We know that colleges and training providers are dedicated to helping learners prepare for life and work beyond their education, and employers are increasingly valuing skills as their hiring criteria. A way to enable and support 'learners' progress to employment or higher education is through digital credentials.

## About City & Guilds

Founded in 1878 to develop the knowledge, skills, and behaviours needed to help businesses thrive, we offer a broad and imaginative range of products and services that help people achieve their potential through workbased learning. We believe in a world where people and organisations have the confidence and capabilities to prosper, today and in the future. So we work with likeminded partners to develop the skills that industries demand across the world.

## About ILM

ILM is the leading specialist provider of leadership qualifications in the UK. Last year, over 70,000 people enhanced their skills and performance with ILM, including 14,000 management apprentices. We believe that great leaders can come from anywhere. With the right support, anyone can grow and develop to make a real difference to their team and organisation. Which is why we help individuals from all levels to realise and apply their potential, so that the organisations they work for can reap the benefits.
