b) Explain the actions that should be taken by a therapist if a client experiences any of the contra-actions stated in a). (3 marks)

13 The information given in the table below is a case study of a client who has come to the salon for a range of treatments.

Discuss the treatment options available, recommending a justified treatment plan for the client.

(12 marks)

Name:	Barbara
Gender:	Female
Comments:	Barbara is visiting the salon for the first time. She has never been particularly interested in receiving beauty treatments and has only decided to visit the salon because she has been given a gift certificate as a present. The gift certificate is valid for three salon treatments of the client's choice, however, with little experience of beauty treatments, Barbara does not know which treatments would suit her.
Physical observations:	Skin analysis: Oily skin with coarse texture on the cheeks and chin; blocked pores on the nose with papules and pustules on the chin and forehead Hand and nail condition: Cuticles hard and rough, nails dry with longitudinal ridges and short. Foot and nail condition: Nails thickened, cuticles overgrown and skin on the heels and ball of foot thick and dry.
