Dear City & Guilds

As a provider we at JACE Training use the Level 1 suite of qualifications in Caring for Children and we value them as they support our curriculum, help our learners progress onto further learning within the Children and Young People's sector. These qualifications provide the skills and foundation knowledge needed to gain an understanding of the Children and Young People's sector. The progression from these qualifications allows the learners a varied choice of either moving sideways or directly a level higher plus time to upgrade on their English and Maths GCSE's

600/8742/0 City & Guilds Level 1 Award in Caring for Children (QCF)

Candidates completing the Award will acquire a basic understanding of the sector and could then progress onto the Certificate in Caring for Children or the Diploma in Caring for Children

600/8583/6 City & Guilds Level 1 Certificate in Caring for Children (QCF)

Candidates completing the Certificate will acquire a good understanding of the sector and could use it to progress onto the Diploma if they are not yet ready to move onto the Level 2 Certificate for the Children and Young People's Workforce.

600/8546/0 City & Guilds Level 1 Diploma in Caring for Children (QCF)

Candidates completing the Diploma will acquire a comprehensive understanding of the sector and will be ready to progress onto the Level 2 Certificate for the Children and Young People's Workforce and onto apprenticeships in the Children and Young People's Workforce.

Yours sincerely

Chris Pritchard
