

# Construction End Point Assessment Update

## New Pricing

# New Construction EPA Pricing

## Why?

- We have found that there are cost efficiencies delivering to a higher learner: assessor ratio, **so we are passing on these savings.**
- **We have listened to your feedback.** For 1:2 or more assessments taking place on the same day we know that your costs increase but ours remain controlled.
- Our original model was to cover these expenses but as our model has developed, because we are not offering locations or resources, we now have the right price in place.

## When?

- Live from 1<sup>st</sup> February 2021 – any **EPA events** taking place from this date onwards will be charged at the new price.

# Recap on current Construction EPA Pricing

	Registration Fee	Event Price (per learner)
Property Maintenance Operative (9673-02)	£40	£600
Carpentry & Joinery (9078-12)	£40	£695
Advanced Carpentry & Joinery (9079-12)	£40	£695
Bricklayer (9077-12)	£40	£1,375
Plasterer (9086-11 & 12)	£40	£1,675
Painter & Decorator (9080-12)	£40	£1,775

Regardless of group size on the day, the event price (per learner) remains the same.

£40 payable on registration, event cost payable on results notification *after* EPA.

# Construction EPA Pricing - New

£40 payable on registration, event cost payable on results notification *after* EPA – no change.  
However we are now offering a scaled price for EPA events taking place on the same day.

# Overview of our Construction EPA offer & support

- ✓ We are an experienced End Point Assessment organisation and delivered over 10,000 end point assessments last academic year.
- ✓ We are the recognised brand for employers in this sector with historical credibility in Construction. Learners achieve a City & Guilds hard copy Certificate and a Digital Credential.
- ✓ Unrivalled support from Technical Advisors and dedicated Account Managers and regular networks.
- ✓ Our payment model – we only charge £40 on registration and the remainder on results notification *after* EPA.
- ✓ Learners complete their assessments on your own premises using equipment they are familiar with, which helps to put the learners at ease. Or you have the choice of securing your own venue. You tell us where you want the assessment to take place.

# Overview of our Construction EPA offer and support

- ✓ We have developed a wealth of high quality, on-programme support materials mapped to the Skills, Knowledge and Behaviours within the standards to support learner success. Including digital materials to support a blended learning approach.
- ✓ We have developed high quality EPA support materials including sample tests and Lead Independent End Point Assessor reports to share best practice.

# Introducing **EPA Pro**

- The **complete EPA journey** in one platform
- **Simplified workflows**, less *'back & forth'*
- Gets you **closer to our IEPAs** for booking events
- **Clarity** around gateway requirements
- **Easier process** to upload gateway and assessment evidence
- **More visibility** of stage/progress or apprentices and cohorts
- **Better reporting** capability
- **Faster access** to results
- **Reduced** booking notice period
- More ways to **celebrate success** for your apprentices

# What our customers say

A City & Guilds Group Collaboration

“Our first construction EPAs were made easier by having the facilities in-house and striking up an excellent relationship with the Independent End-Point Assessor who was great to work with.”

- Rob Smith, Apprenticeship Contracts Manager, Leeds College of Building

A City & Guilds Group Collaboration

# What our customers say

**City & Guilds** | **ilm**  
A City & Guilds Group Collaboration

“At Tameside College the credibility of our learners certifications is at the forefront when selecting our EPAO. City & Guilds are valued by employers across the world, and their customised support is second to none. Ten of our Carpentry & Joinery apprentices have now completed their EPAs and the service and learner experience has been exemplary. This is why City & Guilds are our chosen EPAO and we look forward to working with them in these changing and exciting times.”

- Dean Donelon, Head of Construction & Building Services, Tameside College

**City & Guilds** | **ilm**
