Assignment A

About City & Guilds

City & Guilds is the UK's leading provider of vocational qualifications, offering over 500 awards across a wide range of industries, and progressing from entry level to the highest levels of professional achievement. With over 8500 centres in 100 countries, City & Guilds is recognised by employers worldwide for providing qualifications that offer proof of the skills they need to get the job done.

City & Guilds Group

The City & Guilds Group includes City & Guilds, ILM (the Institute of Leadership & Management) which provides management qualifications, learning materials and membership services, NPTC which offers land-based qualifications and membership services, and HAB (the Hospitality Awarding Body). City & Guilds also manages the Engineering Council Examinations on behalf of the Engineering Council.

Equal opportunities

City & Guilds fully supports the principle of equal opportunities and we are committed to satisfying this principle in all our activities and published material. A copy of our equal opportunities policy statement is available on the City & Guilds website.

Level 3 Analogue Electronics (7267-525) Assignment A

Introduction – Information for Candidates

About this document

This assignment comprises all of the assessment for Level 3 Analogue Electronics (7267-525).

Health and safety

You are asked to consider the importance of safe working practices at all times.

You are responsible for maintaining the safety of others as well as your own. Anyone behaving in an unsafe fashion will be stopped and a suitable warning given. You will **not** be allowed to continue with an assignment if you compromise any of the Health and Safety requirements. This may seem rather strict but, apart from the potentially unpleasant consequences, you must acquire the habits required for the workplace.

Time allowance

The recommended time allowance for this assignment is **3 hours**.

Level 3 Analogue Electronics (7267-525)

Candidate instructions

Time allowance: 3 hours

Assignment set up:

This assignment is made up of **three** tasks

- Task A – Switch mode power supply – fault-finding
- Task B – Multi-stage (a.f.) amplifier – fault-finding
- Task C – Multiple-choice questions

Task A – Switch mode power supply – fault-finding

You will be provided with each of the following:

- Switch mode power supply (in a faulted condition) with instruction notes and diagrams.
- Low voltage d.c. power supply (15 – 30V).
- Appropriate test equipment.

- 1 Carry out a fault-finding procedure to identify a fault to component level. Complete a report sheet in detail, showing **each** of the following:
 - Initial symptoms observed.
 - Tests applied.
 - Test results and conclusions drawn (which should indicate what the next test should be).
 - Which component is faulty.
- 2 Repeat Task A1 on a second board (of the same type) which has a different fault.

Task B – multi-stage (a.f.) amplifier – fault-finding

You will be provided with each of the following:

- Multi-stage audio amplifier (in a faulted condition) with instruction notes and diagrams.
- Low voltage d.c. power supply (15 – 30V).
- Appropriate test equipment.

1 Carry out a fault-finding procedure to identify a fault to component level. Complete a report sheet in detail, showing **each** of the following:

- Initial symptoms observed.
- Tests applied.
- Test results and conclusions drawn (which should indicate what the next test should be).
- Which component is faulty.

2 Repeat task B1 on a second board (of the same type) which has a different fault.

Task C – Multiple-choice questions

Your assessor will now give you a multiple-choice answer sheet containing **nine** multiple-choice questions. Answer **all** of the questions and hand your answer sheet back to your assessor.

When you have finished working:

- Sign each document above your name and label all removable storage media with your name.
- Hand all paperwork and removable storage media to your assessor.

If the assignment is taken over more than one period, all paperwork and removable media must be returned to the test supervisor at the end of each sitting.

End of assignment
