Candidate instructions

Time allowance: One and a half hours

The assignment:

This assignment is made up of **three** tasks

- Task A - Creating a backup
- Task B - Entering new records
- Task C - Amending records and reports

Scenario

You have just been appointed to the post of Administrator for a small consultancy firm, Late Hour Partnership, which began trading in 2007.

Your work as Administrator includes maintaining a small invoicing database system set up, by your predecessor, to track sales, check that bills are being paid etc. This database has also started to be used as a Contacts and Marketing database.

Read all of the instructions carefully and complete the tasks in the order given.

Task A – Creating a backup

1   Create a back up of the file **ITQdmsL1**, provided by your assessor.

Save it to your removable storage media or network drive using the file name:

ITQdmsL1backup.

Continued over …

Task B – Entering new records

1   Open your database software.

2   Open the file **ITQdmsL1**.

    When asked for a password the password and user name is: **ITQdmsL1**.

3   Add a new Organisation with the following details:
