Unit 217 – Computer accounting software Level 2

Assignment A

Introduction – Information for Candidates	2
Candidate instructions	3

Level 2 Computer accounting software (CAS 7574-217)

Assignment A

1.1 Introduction – Information for Candidates

1.1.1 About this document

This assignment comprises all of the assessment for Level 2 Computer accounting software (CAS 7574-217).

1.1.2 Health and safety

You are responsible for maintaining the safety of others as well as your own. You are asked to work safely at all times.

You will **not** be allowed to continue with an assignment if you compromise any of the Health and Safety requirements.

Time allowance

The recommended time allowance for this assignment is **two hours**. (**Task A**, Initial setup of the accounts package is not included in the time allowance).

Level 2 Computer accounting software (CAS 7574-217)

Candidate instructions

Time allowance: Two hours

The assignment:

This assignment is made up of ten tasks

- Task A - set up your accounts package ready for use. (Please note that this should be done prior to the start of the assignment and the time taken does not form part of the assignment time)
- Task B - input customer and supplier invoices and credit notes
- Task C - produce sales and purchase reports
- Task D - enter customer receipts and supplier payments
- Task E - produce customer and supplier reports
- Task F - enter transactions into the nominal ledger
- Task G - produce reports and transaction details
- Task H - use audit tools and management controls
- Task I - create a backup
- Task J – short answer questions

Scenario

You have recently taken over the accounts for a local Sports Club which is run as a small business.

To date the accounts have been paper based and you have decided to use accounting software and it is your role to use the software to record all transactions and produce reports when required.

Your accountant has advised you on accounting policies, including coding structures and has given you guidelines regarding the accounts for the nominal ledger, customers and suppliers that you will need to set up. The financial year started on 1st April and you will need to enter the opening balances.

Read all of the instructions carefully and complete the tasks in the order given.

Note: Throughout this assignment you will be asked to answer questions and to enter current values from the accounts. Please use the document Answers.rtf provided. Ensure that your name is written or typed onto any documents forming the answers to this assignment or included in any electronic files that you save.
