The assignment:

This assignment is made up of **four** tasks

- Task B - Creating Publication
- Task C - Finalising the publication
- Task D - Responding to questions.

Scenario

You work as an advertising assistant for a wildlife park. Several visitors have recently asked questions about the 'African Big Five', so your manager had decided to make a small booklet on that subject available and eventually to include it on their website.

Your manager has asked you to both research and write a booklet for visitors based on the 'Big Five'. You will need to find out information relating to the 'Big Five', to develop a booklet that could readily become interactive when uploaded to the website and to prepare it for commercial printing.

To assist you, the following outline specification has been agreed by the management team to match those publications already in existence:

- A5 booklet format
- 8 pages in total
- All margins to be set to 1cm
- Page 1, 2 and 8 must contain no columns
- The remaining pages 3 to 7 must have two columns with a divider
- Page 1 to be a front/title page
- Page 2 must be an introduction to the Big Five
- Pages 3 – 7 must contain information and pictures relating to the Big Five
- Page 8 must be a contact and acknowledgements page with links to at least 4 other websites with related content.
