

Answers – 2D Drawing and planning software Level 3

Assignment B

Task A1

Using your **Answers 323 B** document provided by your assessor, explain the following:

- How your plan will meet the needs of the users
- Any quality issues that you should consider including
 - Templates to be used
 - Scales used
 - Proportions
 - Unwanted or missing content.

Task C1

Using your **Answers 323 B** document provided by your assessor, explain the following:

- Evaluate the usefulness of the templates that you used in your floor plans.
- Provide guidance on the copyright issues that you may have come across in using templates and or images from external source.
- Explain what drafting guides to use so that shapes and other elements are appropriately prepared, give **three** examples.
- Explain in what context the drawing plans will be used and how this will effect how they are presented.
