ITQ Assignment guide for Candidates Assignment A

About City & Guilds

City & Guilds is the UK's leading provider of vocational qualifications, offering over 500 awards across a wide range of industries, and progressing from entry level to the highest levels of professional achievement. With over 8500 centres in 100 countries, City & Guilds is recognised by employers worldwide for providing qualifications that offer proof of the skills they need to get the job done.

City & Guilds Group

The City & Guilds Group includes City & Guilds, ILM (the Institute of Leadership & Management) which provides management qualifications, learning materials and membership services, NPTC which offers land-based qualifications and membership services, and HAB (the Hospitality Awarding Body). City & Guilds also manages the Engineering Council Examinations on behalf of the Engineering Council.

Equal opportunities

City & Guilds fully supports the principle of equal opportunities and we are committed to satisfying this principle in all our activities and published material. A copy of our equal opportunities policy statement is available on the City & Guilds website.

Unit 328 – Website software Level 3

Assignment A

<i>Introduction – Information for Candidates</i>	3
<i>Candidate instructions</i>	4

Level 3 Website software (7574-328)
Assignment A
Introduction – Information for Candidates

About this document

This assignment comprises all of the assessment for Level 3 Website software (7574-328)

Health and safety

You are responsible for maintaining the safety of others as well as your own. You are asked to work safely at all times.

You will not be allowed to continue with an assignment if you compromise any of the Health and Safety requirements.

Time allowance

The recommended time allowance for this assignment is two and a half hours.

Level 3 Website software (7574-328)

Candidate instructions

Time allowance: two and a half hours

The assignment:

This assignment is made up of three tasks

- ***Task A - Website design***
- ***Task B - Creating website***
- ***Task C - Testing and responding to questions***

Scenario

You work for a local website designer who has been contracted to create a website for your local tourist board. You have been asked to both design and create the website as set out in the specification below.

In order to create the website you will need to research and download a minimum of six copyright free images of your local area.

Note: You will be given sufficient time outside of the allocated assignment time to research and download your images.

Read all of the instructions carefully and complete the tasks in the order given.

Task A – Website design

- 1 In your work area or removable media create a folder named Tourism.***
- 2 Create a story board design for a five page website that you will create for your local tourist board. Ensure you show the intended content / features of your design.***

Ensure that you include any website navigation features.

Save your design in your Tourism folder that you have just created.

- 3 Using suitable web design software, create a template for your website based on your design with a suitable style.***

Save your template in your Tourism folder.

Continued over...

Task B – Creating website

- 1 Using your design and template, create the five page website.**

Save all website files in your Tourism folder.

- 2 The local tourist board would like to have the images that you have downloaded available for people to download. They have requested that at least six images are included on the same page for this purpose.**

Ensure all of the images are of the same file type and are sized so that they fit onto one page.

Create an extra page to display the images.

- 3 Create a new page at the end of your website and include an embedded video file covering tourism from an external source (eg YouTube, Bing etc).**

Ensure the embedded video file can be viewed.

Task C – Testing and responding to questions

- 1 Using your Answers 328 A document provided by your assessor, create a suitable test plan that will test your website using different web browsers.**

Note: Ensure that your test plan has at least five tests.

- 2 Upload your completed website to the location specified by your assessor.**
- 3 Implement the five tests from your test plan and record the results.**
- 4 Check your website to ensure that it meets the design specification, make any adjustments that are necessary and resave your website.**
- 5 Using your Answers 328 A document provided by your assessor, explain any laws or constraints that affect the content of websites (choose three).**
- 6 Using your Answers 328 A document provided by your assessor, explain what access issues may need to be taken into account (choose three).**
- 7 Using your Answers 328 A document provided by your assessor, explain which image file types should be used for websites and state why they are the most suitable.**

Continued over...

When you have finished working:

- *Sign each document above your name and label all removable storage media with your name.*
- *Hand all paperwork and removable storage media to your assessor.*

If the assignment is taken over more than one period, all paperwork and removable media must be returned to the test supervisor at the end of each sitting.

End of assignment
