

Andrew Hewison, Portfolio Manager
City & Guilds,
1 Giltspur Street,
London
EC1A 9DD

Dear Andrew,
Great Yarmouth College currently use the following qualification to support our Engineering curriculum:

- 600/0879/9 Level 1 Certificate in Engineering (QCF)

This qualification provides learners with the knowledge and essential hand skills to enable them to progress into an intermediate apprenticeship in Engineering or onto further learning. Learners can become mechanical engineers, electrical & electronic engineers, welders, fabricators or maintenance engineers in the broad Advanced Manufacturing and Engineering sector. As a College we feel continued funding of the Level 1 Certificate in Engineering for 2014-15 will allow us to meet the needs of our learners and employers.

The above qualification also allows progression to the following Level 2 qualifications:

- 600/0880/5 Level 2 Certificate in Engineering (QCF)
- 600/0881/7 Level 2 Diploma in Engineering (QCF)

Yours sincerely,

Douglas Lawrence
