Dear Susie,

We are a family farming company in Derbyshire. We specialise in crop and finished beef production.

We wish offer City and Guilds our support for the Level 3 Advanced Technical Diploma in Agriculture (540). We feel that the skills achieved will be invaluable for 16 to 19 year olds to gain the required practical experience and underpinning knowledge to gain employment as an assistant stockperson.

These skills would include:

- Machinery operations
- Crop Production
- Health and Safety
- Livestock husbandry
- Forage crop production

We support the development of this City and Guilds Technical qualification and feel that it is fit for purpose across our industry.

We confirm that we consent to our company name being made publicly available on the City & Guilds website.

Yours sincerely,

Richard Archer

Director
Mansell Park Farm Ltd
