Dear Susie,

We would like to support the following City & Guilds qualification:

City & Guilds Level 3 Advanced Technical Extended Diploma in Forestry & Arboriculture (Forestry) (1080)

We are manufacturers of tape measures and accessories for the forestry industry and supply both the UK and Worldwide customers with our products. Consequently we are in contact with all areas of the forestry sector and know how important a qualification of this nature would be for 16 to 19 year olds when applying for jobs such as Forestry Contractors, Rangers, Craftsmen, and Managers etc.

All the skills covered by this qualification would be a great help and start to any prospective employer or indeed if they decided to be self-employed.

Yours sincerely
J.A. Gadd Ltd
