Abbey Park
Stareton
Warwickshire, CV8 2LY

Dear Susie,

As the Trade Organisation representing machinery dealers in the Land-based Engineering sector we feel that the following qualifications meet the industry needs and would give a learner the relevant skills to gain employment. The qualifications develop and confirm specialist knowledge and skills which are relevant to the industry. They are suitable for a young person between the ages of 16-19 studying full-time and upon completion, will give the young person an advantage when applying for a job, apprenticeship or progressing into Higher Education.

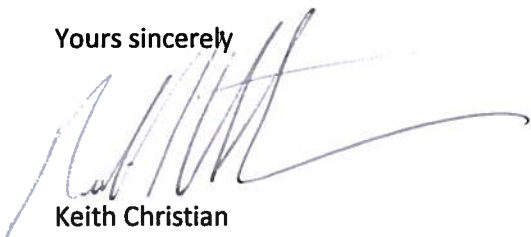

We, the British Agricultural and Garden Machinery Association, support the inclusion of:

QAN	Qualification title
501/0693/4	Level 3 Certificate in Land-based Technology (QCF)
501/0694/6	Level 3 Subsidiary Diploma in Land-based Technology (QCF)
600/5945/X	Level 3 90-Credit Diploma in Land-based Technology (QCF)
501/0681/8	Level 3 Diploma in Land-based Technology (QCF)
501/0682/X	Level 3 Extended Diploma in Land-based Technology (QCF)

for the DfE 2016 performance tables in the Technical Level category.

We confirm that we consent to our company name (and logo) being made publicly available on the DfE and City & Guilds websites.

Yours sincerely

Keith Christian
BAGMA Director
