

## Advice on using 'writeable' PDF ESOL papers

Some papers are available in a 'writeable' format so that candidates can complete their answers on screen, without needing a printer. (The corresponding assessment packs are also in a writeable format should assessors wish to complete these electronically).

This has been done to help candidates who need to complete their work from home or remotely.

The following ESOL papers are available in a writeable format:

E1 Writing Candidate Paper  
E1 Writing Assessment Pack

E3 Reading Candidate Paper  
E3 Reading Assessment Pack

E3 Writing Candidate Paper  
E3 Writing Assessment Pack

Writeable documents are denoted with a 'w' at the end of the file name.
