1. Introduction

Welcome to Open Assess, our formative assessment platform

This document is intended for centres who have been set up to use Open Assess.

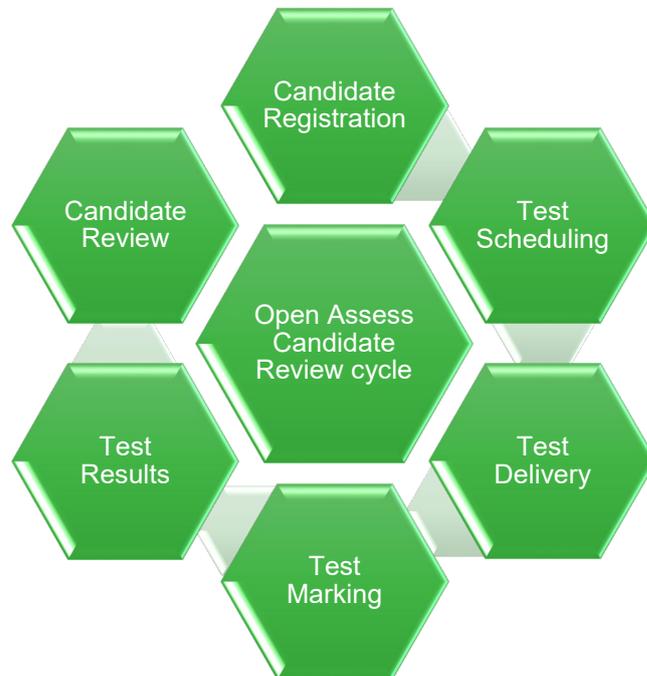

Within this comprehensive guide you will find everything you need for the day-to-day management of Open Assess, including:

- An overview of the platform from registration to reviews

- A step-by-step software user guide

- How to contact City & Guilds for support

Overview

2. Process steps

All Open Assess screens, Sample Tests along with Familiarisation tests are HTML.

Administration, Candidate Review and all other activities can be carried out using a standard web browser such as Microsoft Edge or Google Chrome.

Candidate Registration

Candidates must be registered in the Open Assess platform for the subject before you can schedule an Open Assess test.

As soon as the registration has been processed (usually within a few minutes), the system will automatically make the candidate eligible in Open Assess and you can start scheduling tests.

Test Scheduling

Scheduling is the process of assigning a date and time for a candidate to sit a specific Open Assess test.

Scheduling is carried out through the **Schedule** tab in Open Assess. Once the test has been scheduled, the system will generate a Keycode and PIN. The candidate will need these in order to sit the test so they will need to be shared with the candidate.

Test Delivery

Once scheduled, the test is visible in the **Invigilate** tab. From this tab, staff will be able to access the Session Keycodes and PIN numbers to share with candidates.

Open Assess tests are carried out using the web-delivery method in a web-browser for all Sample and Familiarisation tests.

Centre staff have access to a number of features to manage the test delivery in Open Assess.

Test Marking

As soon as the test is complete, it will be available in the **Mark** tab for it to be marked by the tutor. For HTML tests a regular web-browser can be used.

Test Results

As soon as marking is complete and the test has been submitted, the result will be available in the **Results** tab.

Candidate Review

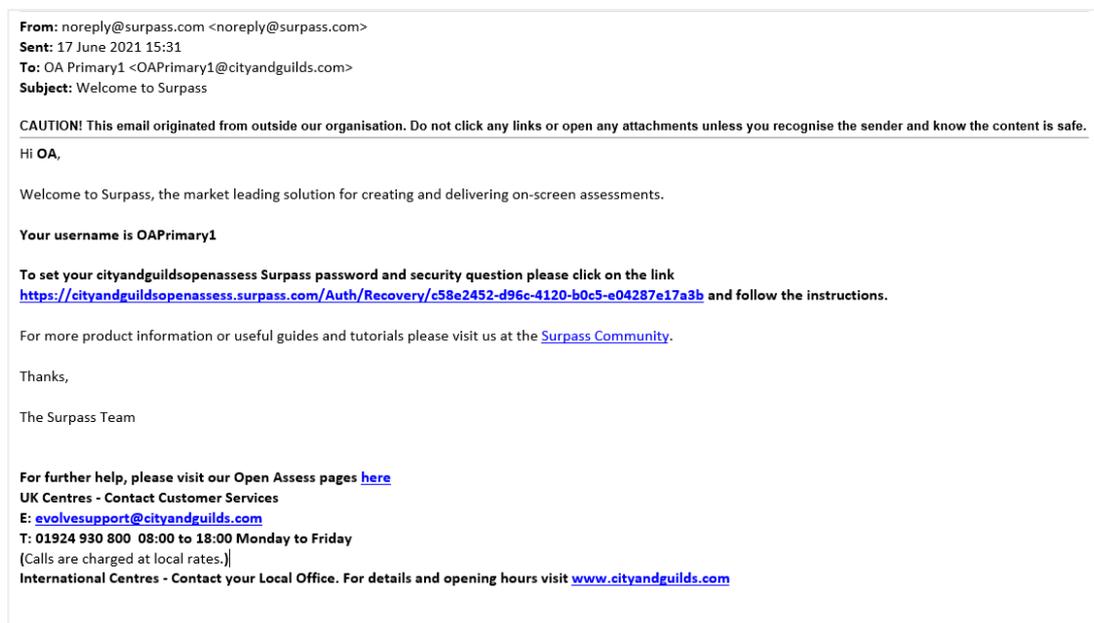

A candidate review session allows centre staff and candidates to re-enter their tests to review their responses and any feedback. The Candidate Review tab is where candidate review sessions are scheduled for particular candidates on a specific date and time. They are then reviewed using a similar method to web delivery.

3. Logging in to Open Assess

Logging in the first time

When your account is first created, you will receive an email with your username and a link to set your password and create a security question.

The email is sent from an automated address noreply@surpass.com so if you cannot see it in your inbox, please check your junk folders or speak to your IT team in case the automated address is being filtered by your IT system.

Clicking on the link will take you this screen:

Change Password (OA Primary1)

Enter new password: ⓘ

Confirm new password:

Security question: ⓘ

Security answer: ⓘ

Enter your chosen password and confirm it and create a memorable security question and answer, you will need this to reset your password if you ever forget it.

While in any area of Open Assess, you can hover your cursor over the icon for more details.

Select 'Change Password' and you will automatically be logged into Open Assess.

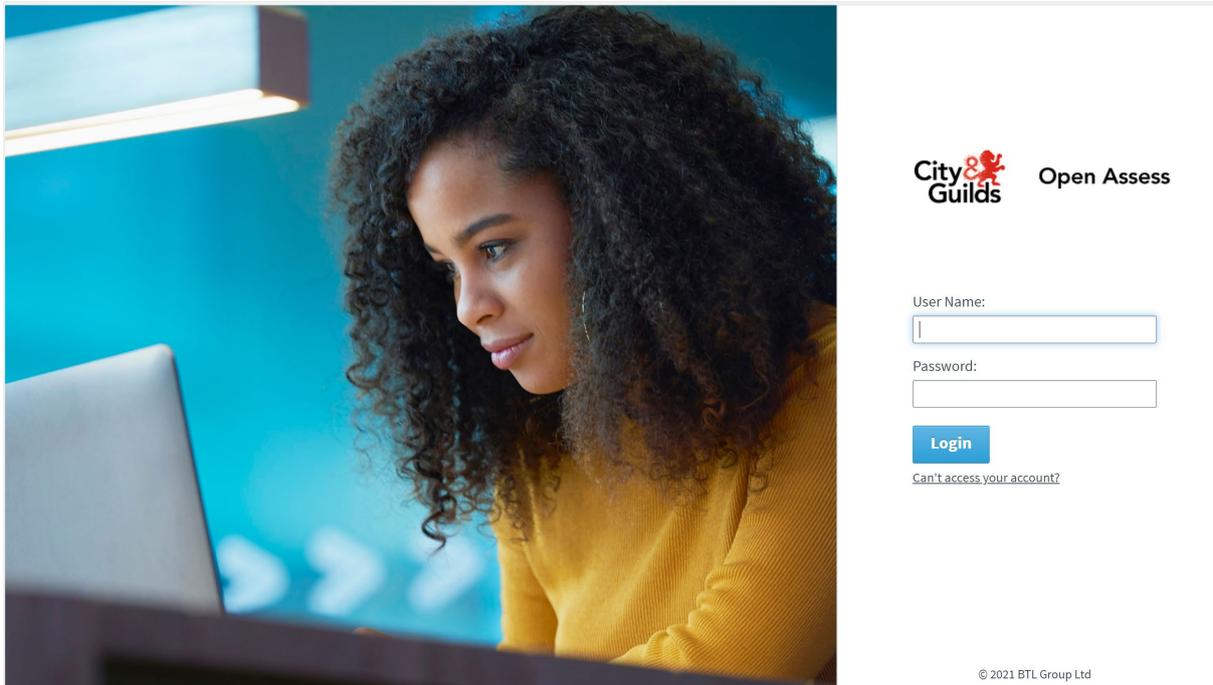

Changing the password only needs to be done the first time you log in.

Logging in to Open Assess

The next time you access Open Assess will be from the log in screen.

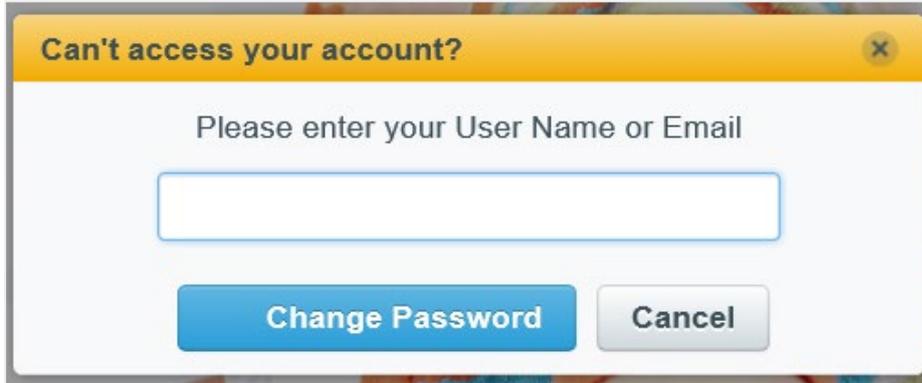

Navigate to <https://cityandguildsopenassess.surpass.com> and enter your username and password and select Login.

You can access this URL through your regular web-browser such as Microsoft Edge or Chrome.

Trouble logging in?

If you have forgotten your username or password, navigate to the login screen and select 'Can't access your account?'

The screenshot shows a dialog box with a yellow header containing the text 'Can't access your account?' and a close button (X). Below the header, the text 'Please enter your User Name or Email' is displayed above a white input field with a blue border. At the bottom of the dialog, there are two buttons: a blue 'Change Password' button and a grey 'Cancel' button.

Enter your username or email address and an automated email will be sent to you with instructions.

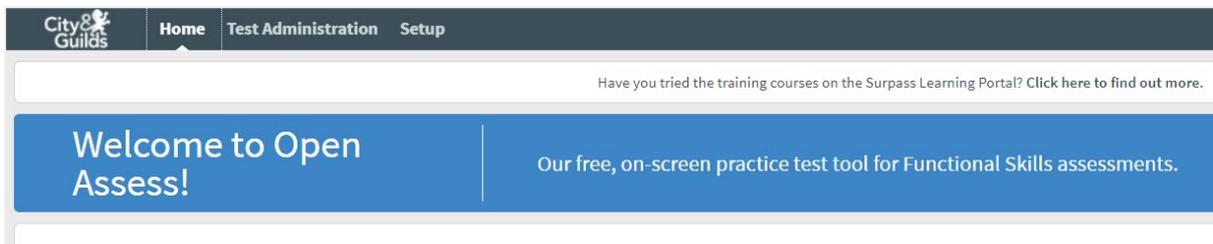

4. Navigating through Open Assess

We will go through the features within each tab later in the guide but here is a brief overview.

Home

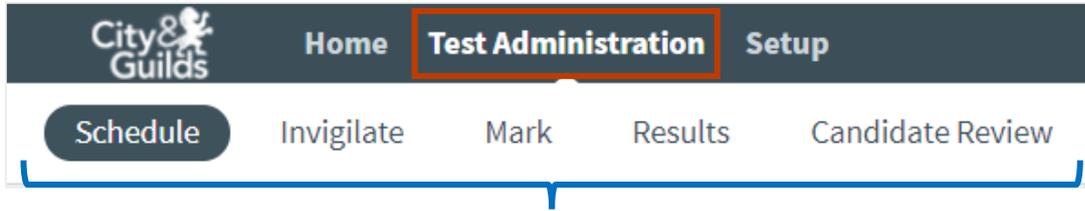

When you login, you will be taken to the homepage. It contains links to useful documentation and the **test** and **review** web links and our contact details.

We will use this page to share any updates or scheduled downtime within Open Assess and it will be updated when needed.

Test Administration

You will complete most of your tasks within the **Test Administration** tab.

Just click on a tab to open it.

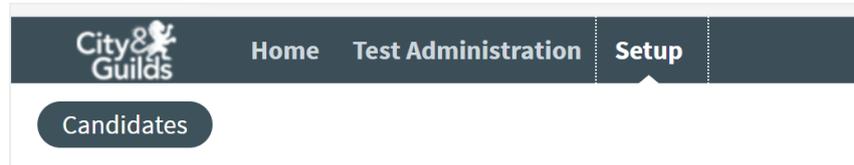

Setup

The **Setup** tab is used for viewing available subjects, creating users (depending on your access) and registering your candidates.

Primary User view:

Tutor view:

5. User creation

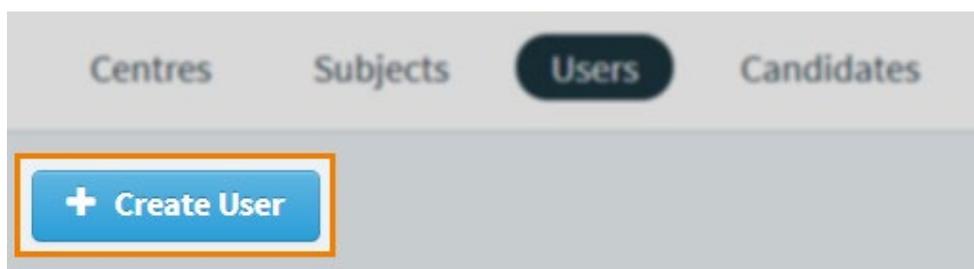

Before you begin, you may wish to create accounts for other users at your centre. There are two types of users in Open Assess, Primary and Tutors. The main difference is that Primary users can create other Primary users and Tutors, as well as registering candidates, while Tutors can only register candidates.

Creating a user

1. Go to the Users screen by going to go to Setup and then selecting *Users*

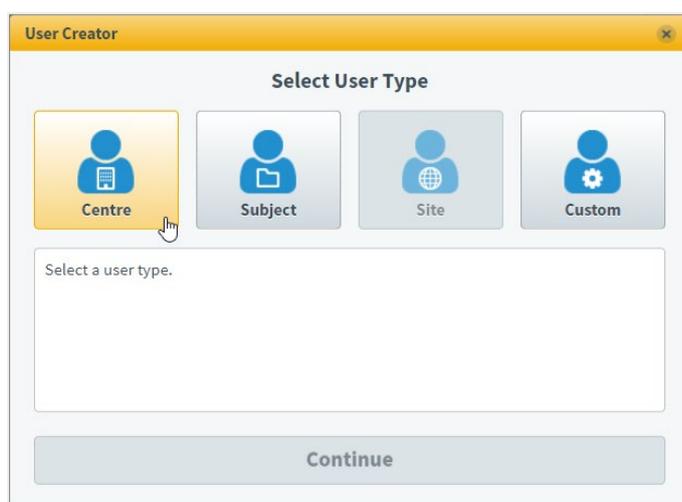

2. Select Create User to create a new user

3. Choose user type

For Open Assess users, you will only need to select the user type 'Centre'.

Subject, Site and Custom users are **not** used in Open Assess.

Centre – A centre-level user has access to roles for all subjects in a particular centre. These users are typically centre administrators, tutors, markers, and invigilators that need access to all subjects within a centre.

When you have chosen a user type, select **Continue** to proceed.

Fill out user details

The screenshot shows a dialog box titled "Create Centre User - User Details (1 of 2)". It contains the following fields:

- First Name:** OA
- Last Name:** Primary2
- User Name:** OAPrimary2
- Email:** OAPrimary2@cityandguilds.com
- Job Title:** (empty)
- Default Language:** English (UK)
- Expires:** 18.06.2031

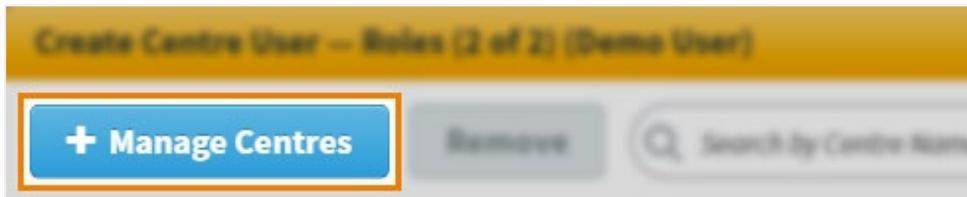

At the bottom right, there are two buttons: "Continue" (highlighted with a mouse cursor) and "Cancel".

NOTE: Fields marked with an asterisk (*) are mandatory.

Field	Description
First Name	Enter the user's first name
Last Name	Enter the user's last name
User Name	Enter a username. The user will use this to log in to Open Assess. This user name must be unique
Email	Enter the user's email address. They are emailed a link to create a password before logging in for the first time and password reset details are sent to the address so it must be accurate

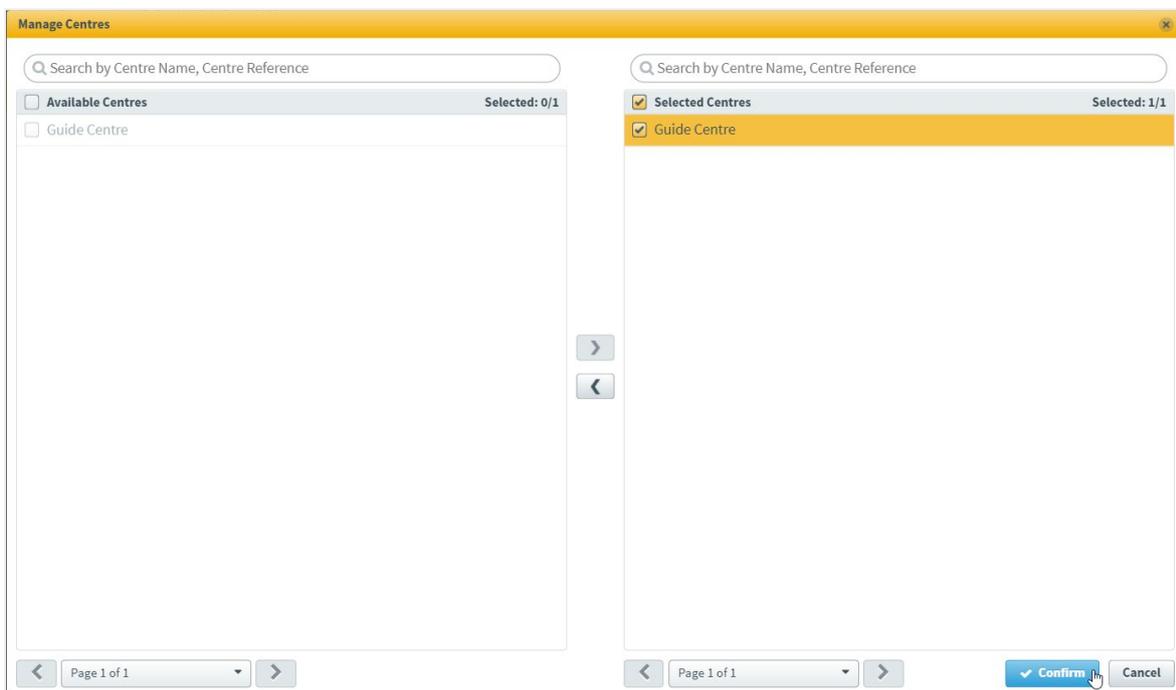

When you have filled out the user details, select **Continue** to proceed.

Use **Manage Centres** to open the **Select Centres** dialog box.

Choose your centre in the **Available Centres** list on the left hand side of the screen and use **Add >** to move it to the **Selected Centres** list on the right hand side of the screen.

Select **Confirm** to continue.

Choose user roles

Choose the roles you want the user to have in the **Centre Roles** column.

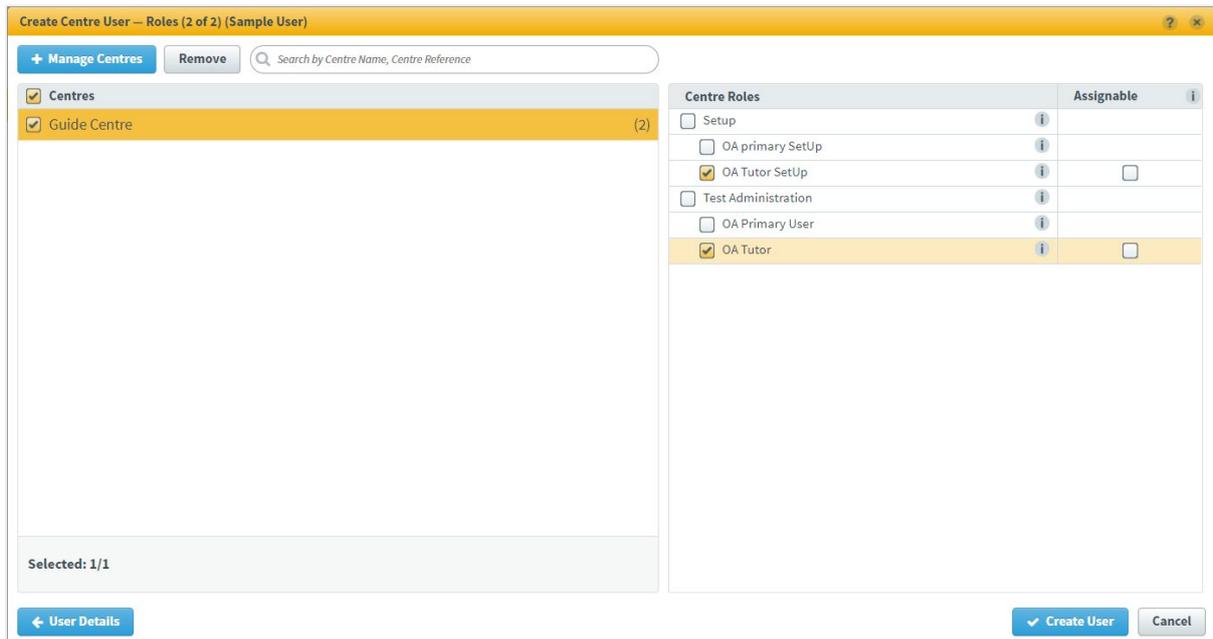

Primary User account

To create a Primary account which has the ability to create other users, select all options available under setup and Test Administration and select all options in the Assignable column.

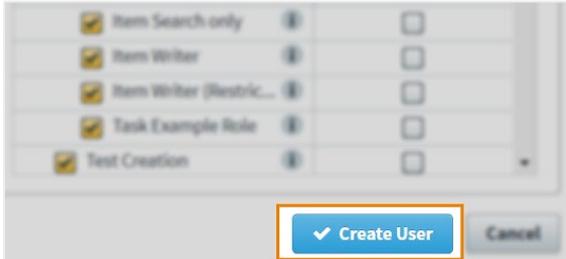

Tutor account

To create a Tutor account that can access all the other features but is unable to create other users, select only the **OA Tutor SetUp** and **OA Tutor** options

Confirm user details

Select **Create User** to create the user. An email is sent to the user's registered email address containing a link to create a password and security question.

TIP: After creating a user, Open Assess asks you if you want to create another user with the same roles. This is useful if you are creating multiple accounts with the same permission levels.

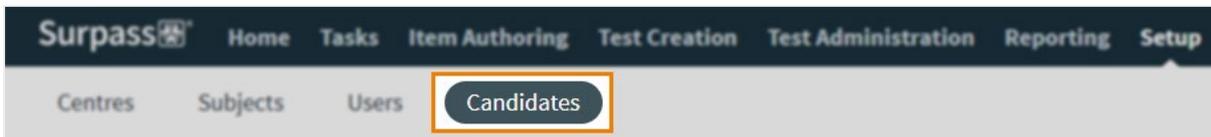

6. Candidate Registration

You can register an individual candidate or upload a CSV file for multiple candidates.

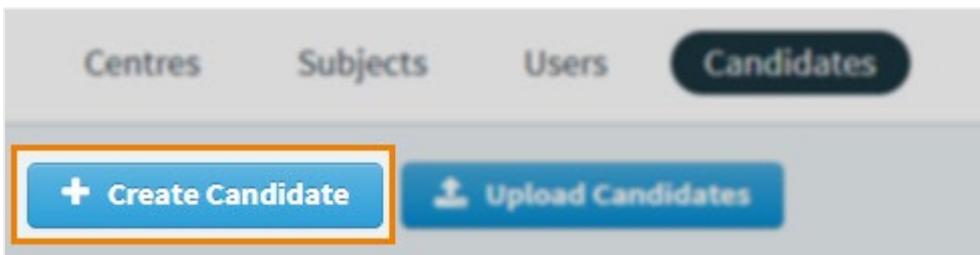

How to create an individual candidate registration

1. Go to the Candidates screen

To view the **Candidates** screen, go to **Setup > Candidates**.

2. Select Create Candidate to create a candidate.

3. Fill out the Candidate Details form

Fill out the **Candidate Details** form with your new candidate’s information. Refer to the following table for information about each field.

NOTE: Fields marked with an asterisk (*) are mandatory but you may want to consider the additional fields below.

Field	Description
First Name*	Enter the candidate’s first name.
Middle Name(s)	This is not a mandatory field, but you can enter the candidate’s middle name or names if necessary.
Last Name*	Enter the candidate’s last name
Gender	This is not a mandatory field, but you can indicate the candidate’s gender. The available options are Male , Female and Not specified
Candidate Ref	Give the candidate a unique reference code. If you do not provide a reference, Open Assess auto-generates one (for example, Auto1adcd540ab274644b30a513c8a1631d9)
Date of birth*	Use the date picker to enter the candidate’s date of birth

The Candidate Ref could, for example, be the learner's centre ID or City & Guilds enrolment number.

4. Choose the candidate's centre

Chose the centre that the candidate is associated with by ticking the box. Where you have more than one centre chose the appropriate one from the list.

Create Candidate - Associate Centres (Step 2 of 3)

Candidate: Sample Candidate

Search by Centre Name

All Centres

- Guide Centre

Back Continue Cancel

5. Choose candidate's subjects

Select the Subject and Level of Functional Skills sample papers the candidate will need to access. This can be updated at a later date where the candidate progresses or adds new subjects to their programme.

Create Candidate - Associate Subjects (Step 3 of 3)

Candidate: Sample 2 Candidate

Search by Subject Name, Subject Tag

All Subjects	Associated Centres
<input type="checkbox"/> 4748-110 Functional Skills English Rea...	OpenAssess, Global shared

<input type="checkbox"/> 4748-120 Functional Skills Mathematic...	OpenAssess, Global shared
<input type="checkbox"/> 4748-123 Digital Functional Skills Entry ...	OpenAssess, Global shared

Back Create Candidate Cancel

6. Confirm candidate details

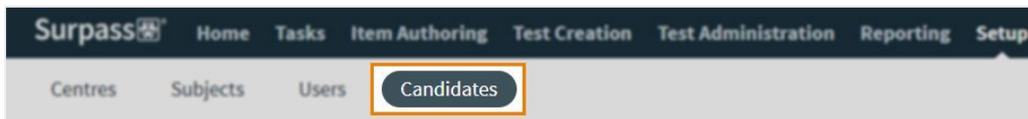

Select **Create Candidate** to create the candidate.

How to upload candidates in bulk

You can use a spreadsheet to import up to 1,500 candidates in the **Candidates** screen.

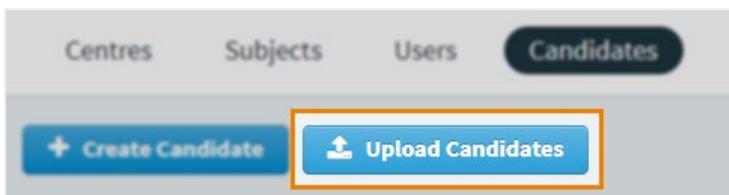

1. Go to the Candidates screen

To view the **Candidates** screen, go to Setup > **Candidates**.

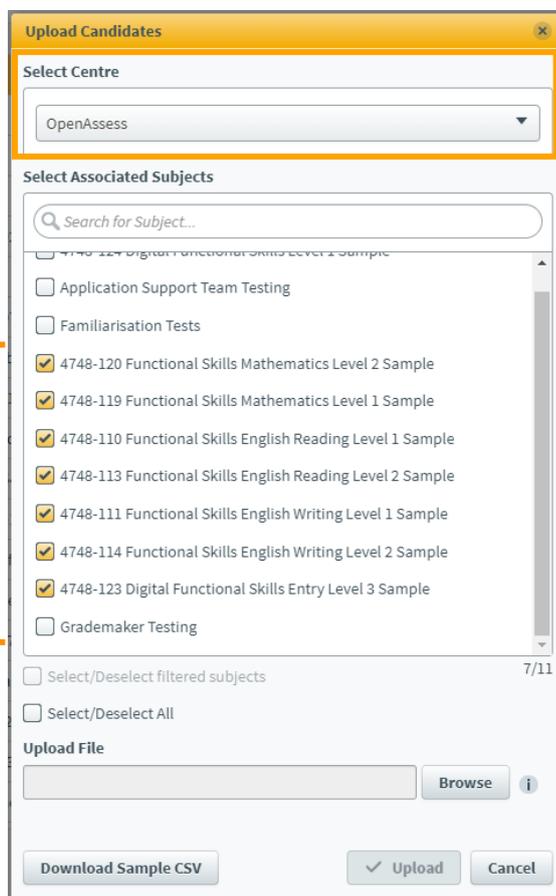

2. Select Upload Candidates

Select **Upload Candidates** to open the **Upload Candidates** dialog.

3. Set up centre and subject associations

Before you can upload your candidates, you must first define their parent centre and subject(s).

Use the **Select Centre** menu to choose your centre

Select the subjects you want to associate the candidates with by ticking the box or boxes in **Select Associated Subjects**.

Use **Select/Deselect All** to select or clear all subjects

4. Create import spreadsheet

Select **Download Sample CSV** to download a template spreadsheet.

	A	B	C	D	E	F	G	H	I	J
1	SCN	*Forename	Middlenam	*Surname	Gender	*Date of Bi	Telephone	Email	Reasonabl	Expiry date
2	CANDG01	One		Sample1		10.06.2001				
3	CANDG02	Two		Sample2		10.06.2002				
4	CANDG03	Three		Sample3		10.06.2003				
5	CANDG04	Four		Sample4		10.06.2004				
6	CANDG05	Five		Sample5		10.06.2005				
7	CANDG06	Six		Sample6		10.06.2006				
8	CANDG07	Seven		Sample7		10.06.2007				
9	CANDG08	Eight		Sample8		10.06.2008				
10	CANDG09	Nine		Sample9		10.06.2009				
11	CANDG10	Ten		Sample10		10.06.2010				

The following table lists all suggested columns in the template spreadsheet. Use this information to populate your spreadsheet. Use one row for each candidate.

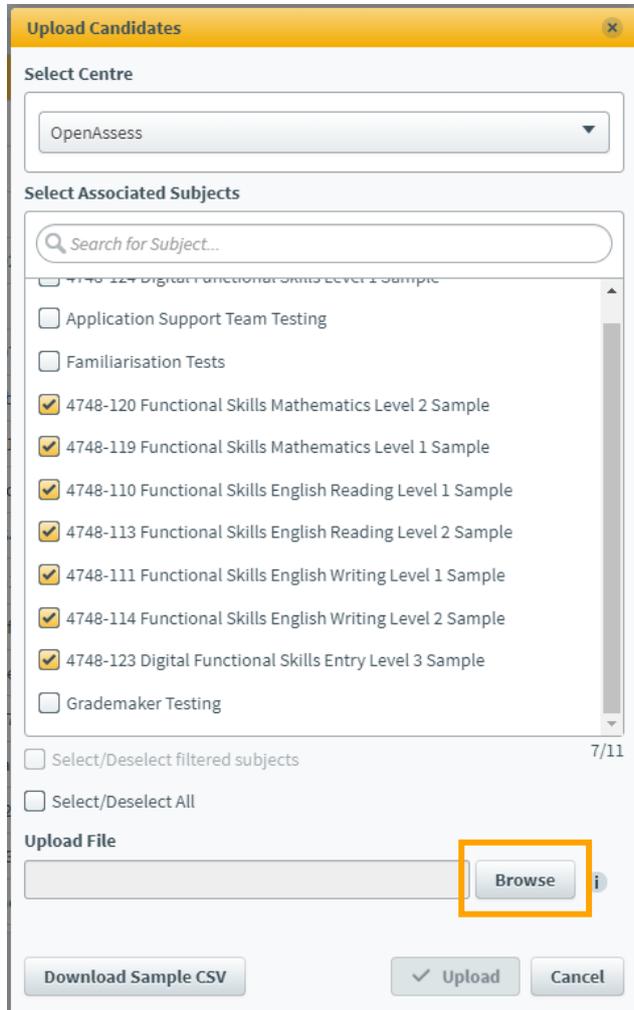

NOTE: Columns marked with an asterisk (*) are mandatory.

Column	Description
SCN	Enter the candidates' unique reference codes. NOTE: If this column is left blank, Open Assess will automatically generate a reference code for each candidate. You may wish to use candidate's C&G enrolment number or the learner's centre ID.
Forename*	Enter the candidates' first names.
Middlename	Enter the candidates' middle names, if available.
Surname*	Enter the candidates' last names.
Gender	Enter the candidates' genders. Accepted values are M, F, U (Male, Female and Unspecified)
Date of Birth*	Enter the candidates' dates of birth in DD/MM/YYYY format.

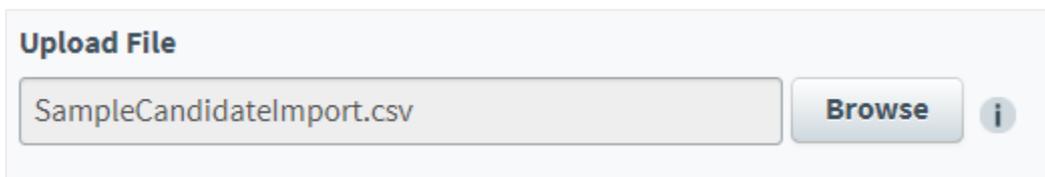

Save the spreadsheet in CSV format when complete.

5. Upload spreadsheet to Open Assess

Select **Browse** in the **Upload Candidates** dialog to open your device's file explorer. Choose the spreadsheet to upload it to Surpass.

When the spreadsheet has uploaded, its filename appears under **Upload File**.

6. Import candidates

Select **Upload** to import the candidates to your chosen centre and subject(s).

The 'Upload Candidates' dialog box contains the following elements:

- Select Centre:** A dropdown menu showing 'OpenAssess'.
- Select Associated Subjects:** A search bar with the placeholder 'Search for Subject...'. Below it is a list of subjects with checkboxes:
 - 4748-124 Digital Functional Skills Level 1 Sample
 - Application Support Team Testing
 - 4748-120 Functional Skills Mathematics Level 2 Sample
 - 4748-119 Functional Skills Mathematics Level 1 Sample
 - 4748-110 Functional Skills English Reading Level 1 Sample
 - 4748-113 Functional Skills English Reading Level 2 Sample
 - 4748-111 Functional Skills English Writing Level 1 Sample
 - 4748-114 Functional Skills English Writing Level 2 Sample
 - 4748-123 Digital Functional Skills Entry Level 3 Sample
- Select/Deselect filtered subjects (7/17)
- Select/Deselect All
- Upload File:** A text input field containing 'SampleCandidateImport.csv' and a 'Browse' button.
- Buttons at the bottom: 'Download Sample CSV', 'Upload' (highlighted with a red box), and 'Cancel'.

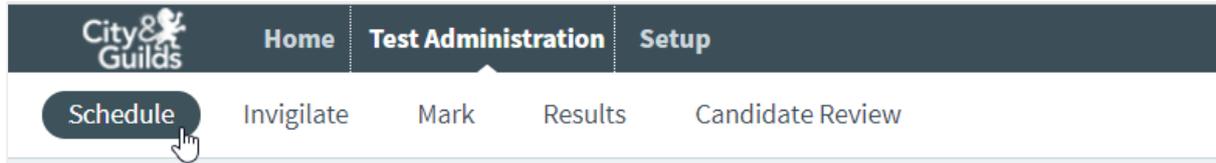

Your candidates can now be viewed in the Candidates tab.

The 'Candidates' tab displays the following table:

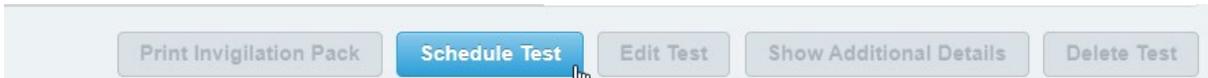

Last Name	First Name	Ref	Associated Centres
Sample1	One	CANDG01	Guide Centre
Sample10	Ten	CANDG10	Guide Centre
Sample2	Two	CANDG02	Guide Centre
Sample3	Three	CANDG03	Guide Centre
Sample4	Four	CANDG04	Guide Centre
Sample5	Five	CANDG05	Guide Centre
Sample6	Six	CANDG06	Guide Centre
Sample7	Seven	CANDG07	Guide Centre
Sample8	Eight	CANDG08	Guide Centre
Sample9	Nine	CANDG09	Guide Centre

7. Schedule a test

To view the **Schedule** screen, go to **Test Administration > Schedule**.

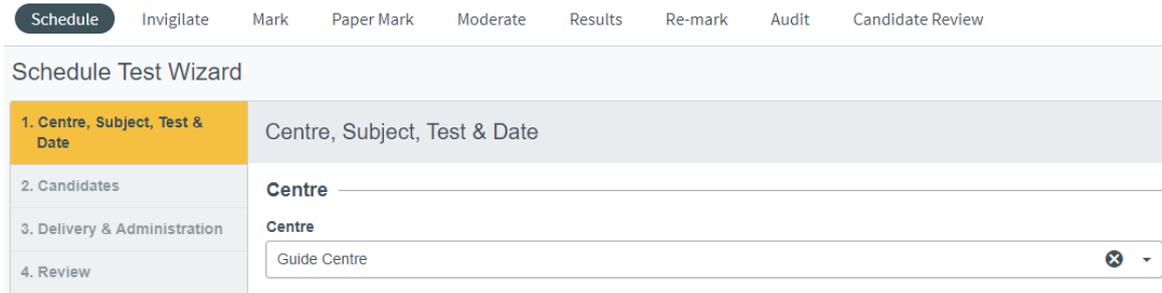

Select **Schedule Test** from the options available at the bottom right of your screen.

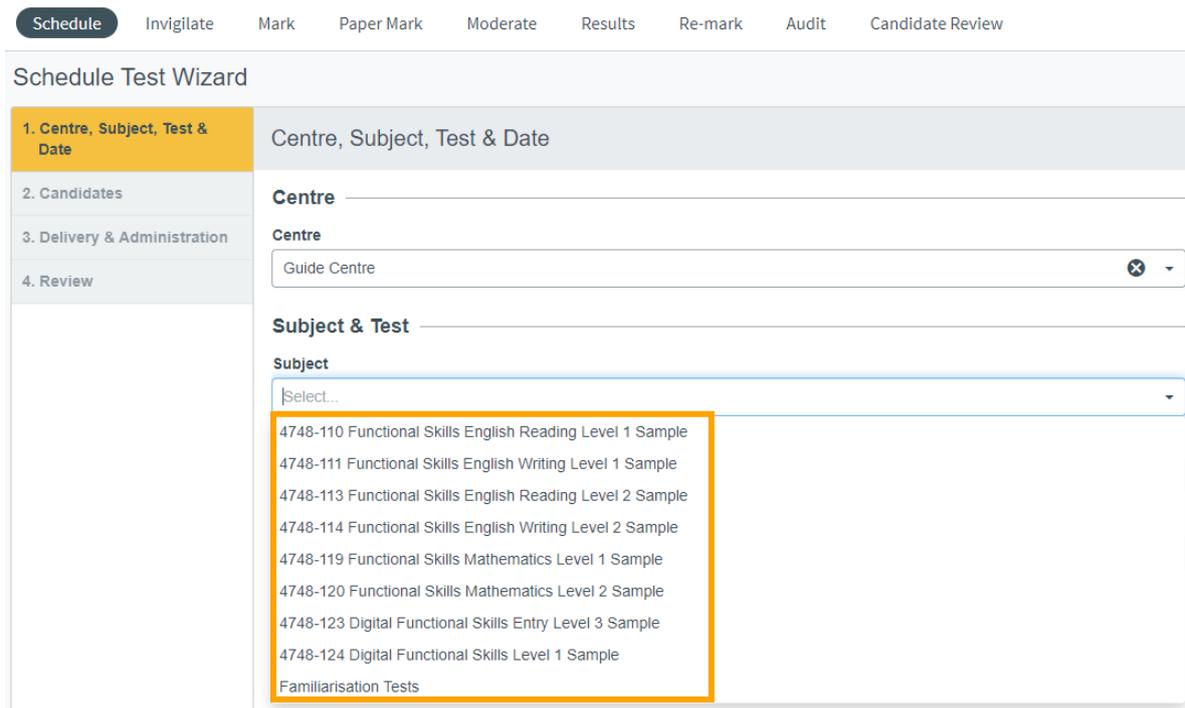

This will open the Schedule Test Wizard.

Choose your centre.

The screenshot shows the 'Schedule Test Wizard' interface. At the top, there is a navigation bar with buttons for Schedule, Invigilate, Mark, Paper Mark, Moderate, Results, Re-mark, Audit, and Candidate Review. The 'Schedule' button is active. Below the navigation bar, the wizard steps are listed on the left: 1. Centre, Subject, Test & Date (highlighted), 2. Candidates, 3. Delivery & Administration, and 4. Review. The main content area shows the 'Centre' selection step. It includes a text input field for 'Centre' with the value 'Guide Centre' and a search icon.

Choose your subject.

This screenshot shows the 'Schedule Test Wizard' interface at the 'Subject & Test' selection step. The navigation bar and wizard steps are the same as in the previous screenshot. The main content area shows the 'Subject & Test' selection step. It includes a text input field for 'Subject & Test' and a dropdown menu for 'Subject'. The dropdown menu is open, showing a list of subjects: 4748-110 Functional Skills English Reading Level 1 Sample, 4748-111 Functional Skills English Writing Level 1 Sample, 4748-113 Functional Skills English Reading Level 2 Sample, 4748-114 Functional Skills English Writing Level 2 Sample, 4748-119 Functional Skills Mathematics Level 1 Sample, 4748-120 Functional Skills Mathematics Level 2 Sample, 4748-123 Digital Functional Skills Entry Level 3 Sample, 4748-124 Digital Functional Skills Level 1 Sample, and Familiarisation Tests. The dropdown menu is highlighted with an orange border.

Next choose your test:

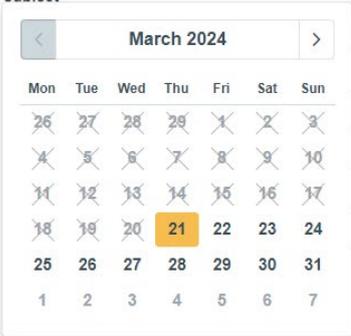

1. Centre, Subject, Test & Date	Centre, Subject, Test & Date
2. Candidates	Centre _____
3. Delivery & Administration	Centre Guide Centre <input type="text"/>
4. Review	Subject & Test _____
	Subject 4748-110 Functional Skills English Reading Level 1 Sample <input type="text"/>
	Test 4748-110 Functional Skills English Reading Level 1 - Sample <input type="text"/>
	Test Form Select... <input type="text"/>

Under the Test Form drop down you can select which sample paper to allocate or allow the platform to randomly allocate a paper.

1. Centre, Subject, Test & Date	Centre, Subject, Test & Date
2. Candidates	Centre _____
3. Delivery & Administration	Centre Guide Centre <input type="text"/>
4. Review	Subject & Test _____
	Subject 4748-110 Functional Skills English Reading Level 1 Sample <input type="text"/>
	Test 4748-110 Functional Skills English Reading Level 1 - Sample <input type="text"/>
	Test Form Select... <input type="text"/>
	Automatic selection Sample 4 Sample 3 Sample 2 Sample 1 Sample 5 Sample 6

Choose your date

The default date will be today's date, or you can use the calendar icon to schedule a test date up to 30 days in advance.

1. Centre, Subject, Test & Date	Centre, Subject, Test & Date
2. Candidates	Centre _____
3. Delivery & Administration	Centre Guide Centre <input type="text"/>  
4. Review	Subject & Test _____
	Subject  11 Sample <input type="text"/>  
	11 - Sample <input type="text"/>  
	<input type="text"/>  
	<input type="text" value="21/03/2024"/>  
	Time _____
	Start Time <input type="text" value="00:00"/> 
	End Time <input type="text" value="23:59"/>  

Schedule across multiple days

Select the Multiple day test option and your test will be valid between the dates chosen to allow the candidate flexibility around when they sit the test.

The period in which the test can be taken, cannot be scheduled more than 30 days in advance.

Date _____
<input checked="" type="checkbox"/> Multiple day test
Start Date <input type="text" value="21/03/2024"/> 
End Date <input type="text" value="30/03/2024"/>  

Review your selection, select Back if you need to amend any details or select Schedule Test to continue.

Your scheduled tests are now shown in the Schedule tab, you may print invigilation packs from here or in the Invigilate tab where you will see more information about the booking such as Keycode and PIN. More details in the next section.

Enabling extra time

Some candidates may require extra time for Reasonable Adjustment purposes. Extra time can be added for all sample tests.

Note: Navigation and Familiarisation tests are 'Untimed, so extra time is not applicable.

To edit a candidate's allocated time on the test, select them in the Candidates grid and select **Modify Duration**.

Enter a Duration to add additional time (in minutes) to the candidate's test. Up to 100% extra time (of a test's standard duration) can be scheduled.

PLEASE NOTE: Candidates **must** sit their test within the time frame allocated – tests which are not started or finished and submitted will automatically auto-void and the candidate will not be able to take them.

8. Invigilation

All scheduled tests will appear in the Invigilate screen. You can print or save as a pdf the Invigilation packs which contain the PIN and key code that the learner will need to access the test. This tab also allows you to pause or void a test and see if a test has been submitted and is ready to mark.

To view the **Invigilate** screen, go to **Test Administration > Invigilate**.

The **Invigilate** grid lists all live tests you have access to.

Actions in the Invigilate screen

There are many actions you can take on the Invigilate screen. Not all options are available for all tests. Select the line of the test you wish to interact with and choose an action.

All tests will have the Keycode and PIN created automatically so there is no need to use the Set, Remove or Unlock PIN features.

Pause

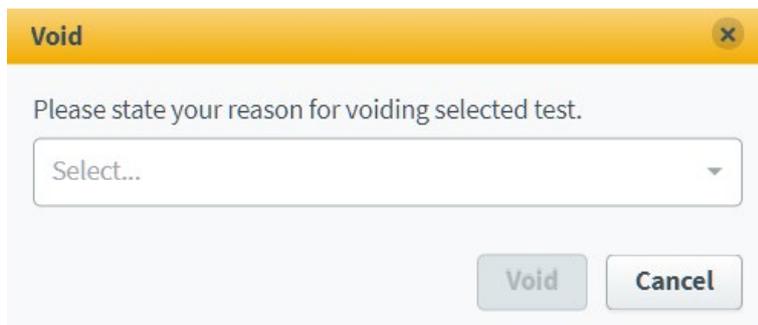

Pauses the selected test, this freezes the test timer and prevents the candidate from interacting with the test. Select Resume to restart the timer and allow the candidate to continue.

Void

Cancels the selected test.

Before you can void a test, you must provide a reason. The available options are:

- Not yet started,
- Absent,
- Withdrawn,
- Partially Completed, and
- Other.

The screenshot shows a dialog box titled "Void" with a yellow header bar. Below the header, the text "Please state your reason for voiding selected test." is displayed. Underneath this text is a dropdown menu with the text "Select..." and a small downward-pointing arrow. At the bottom of the dialog, there are two buttons: "Void" and "Cancel".

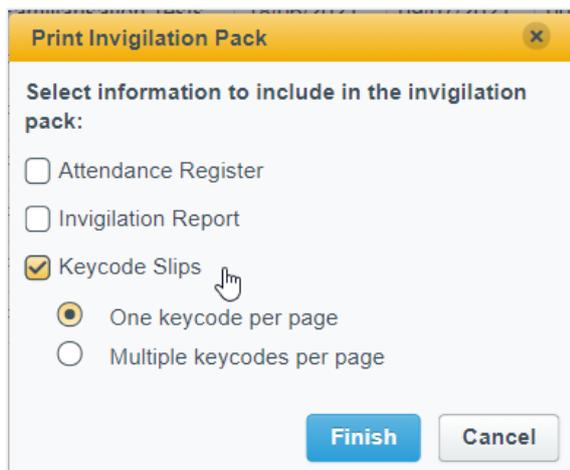

If you select **Other**, you must provide a written explanation for the void.

Invigilation Pack

- Select a test session.
- In the **Invigilate** grid, select the test sessions you want to print an invigilation pack for. Use Shift to select multiple tests.
- Select Print Invigilation Pack.
- Select **Print Invigilation Pack** to open the Print Invigilation Pack dialog.

- Select the invigilation pack documents.
- In the **Print Invigilation Pack** dialog, you can select the documents you want to include in your invigilation pack.
 - **Keycode Slip** – This lists candidate-specific details, including each candidate’s unique keycode. You can print all keycodes on one page for invigilators or print one keycode per slip for candidates. Alternatively, you can save these as pdfs to email or share with your candidates.
- To do this, select the lines.

- Select Finish to print or save.
- At this point in the printer dialogue box you can ‘print’ to pdf and save the document to email to the candidate.
- If you only have one candidate, the Attendance Register will contain both the Key Code and the PIN number and this can be used instead.

9. Test Delivery

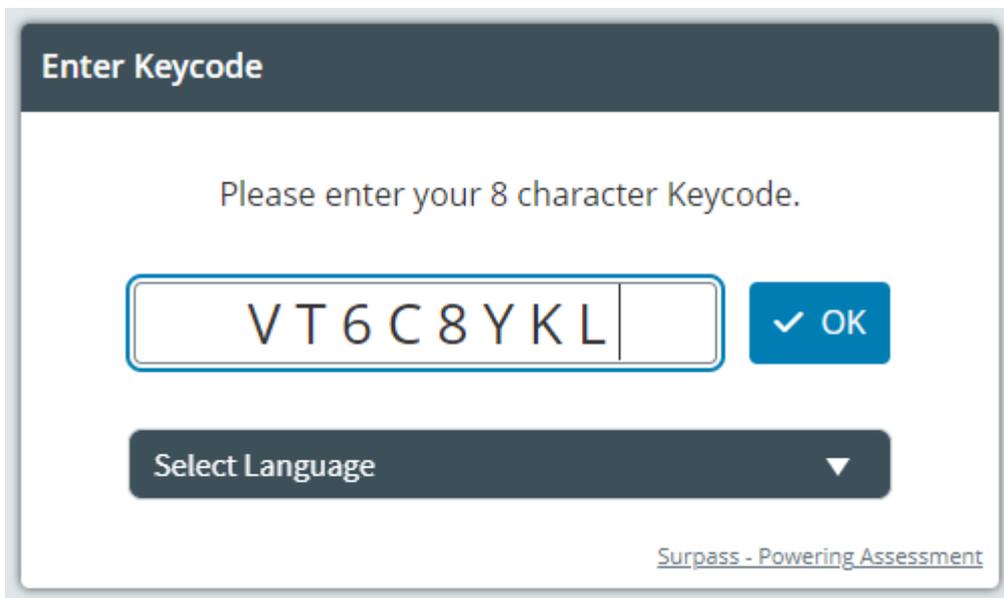

Open Assess tests are designed to be taken online, using a web-browser such as Google Chrome, Mozilla Firefox or Microsoft Edge.

Taking a test

When the candidate is ready to sit their test, they will need to enter the following URL in the address bar:

<https://cityandguildsopenassess.surpass.com/takeatest>

This will launch the keycode screen:

Enter Keycode

Please enter your 8 character Keycode.

Finish Test

Candidate: MORGAN Jody

Confirm or select **Cancel** to return to the test.

Confirm again or select **Cancel** to return to the test.

The test will close but the test window will remain open with the below message. The candidate can now close the web-browser.

10. Marking

Sample tests can be marked via a regular web-browser. The tutor should open the browser and login in to Open Assess and access the mark tab.

The **Mark** tab is where users can view and mark candidates' completed test scripts.

To view the **Mark** screen, go to **Test Administration > Mark**

Once a test arrives in the Mark tab, the tutor has a calendar month in which to complete the marking of the script. If the test is not marked within this window, it will **auto-void** and the tutor and candidate will not be able to access the test.

The Mark grid lists all tests available to mark and their progress. Where some of the questions in the test are auto-marked by the platform, there may already be a progress percentage showing.

Status	Subject	Test Name	Test Form Ref...	Centre Name	Centre Refer...	Last Name	First Name	Completed D...	Max Mark Av...	Mark Awarded	Percent	Marking Prog...	Auto Void Date	Marker
	4748-123 Digital ...	4748-123 Entry L...	Sample 1	OpenAssess	99OAT	Morgan	Jody	21.03.2024	40	11	27.5%	Not started	21.03.2025	
	Application Supp...	Nicolas Testing	Social Media	OpenAssess	99OAT	Morgan	Jody	20.03.2024	42	0	0%	Not started	19.05.2024	
	Application Supp...	Nicolas Testing	Social Media	OpenAssess	99OAT	Morgan	Jody	20.03.2024	42	0	0%	Not started	19.05.2024	

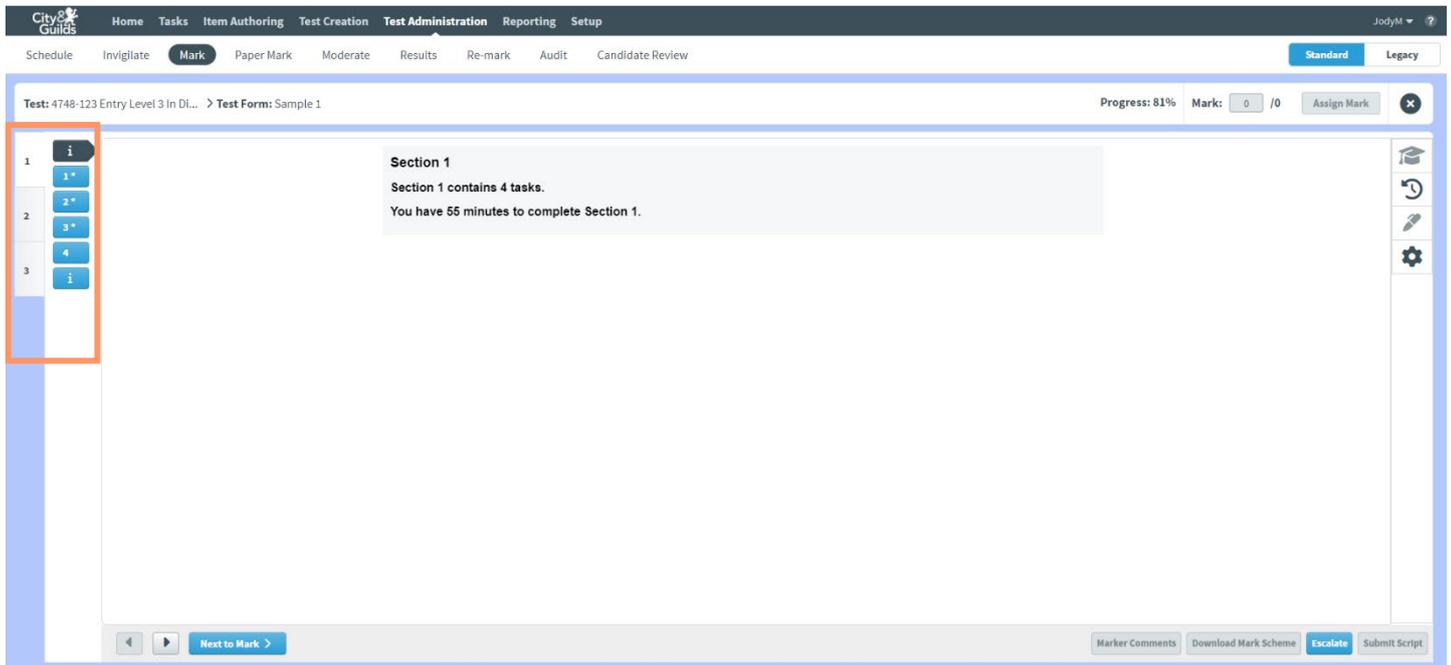

Select the line you wish to mark and select Mark Script.

You will need to download a copy of the mark scheme for the sample paper you are marking from the 4748 Qualification Page.

Mark screen

When opening a test to mark, any introduction pages will be shown first.

Questions which require marking are indicated in the question list to the left, with an asterisk.

Click on a question to view it or use the 'Next to Mark' button to navigate through the questions. Questions without an asterisk are either **auto marked** or **have not** answered by the candidate.

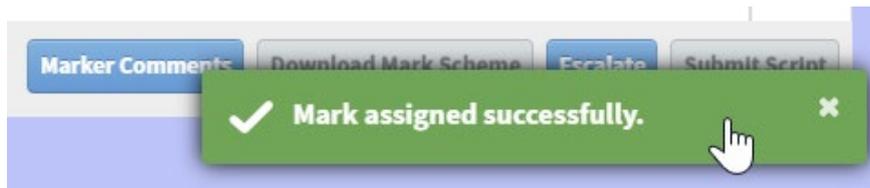

Check each response against the mark scheme and change the '0' in this mark box to the value of marks you are awarding.

Mark: /1 [Assign Mark](#)

The following message will appear in the right side of the screen once a mark has been successfully assigned:

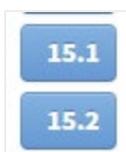

When you have finished marking all answered questions, the progress bar will move to 100% and the **Submit Script** button will activate. Once submitted, the script will flow through to the Results tab.

Maths only

- For some questions, if answered correctly Open Assess will recognise and pre-populate the mark. This mark will still need to be confirmed by the tutor by pressing 'Assign Mark'.
Marks can be manually overridden if required.
- For some larger tasks, the marking is broken down into two or three parts. These questions will appear like this in the question list:

Each question part will require an individual mark to be applied.

Writing only

Using the mark schemes downloaded from the 4748 Qualifications page, allocate the marks against each of the four areas below for each activity.

Once you have allocated the marks, click on the **Assign Mark** button.

Learning Outcomes	
Composition	<input type="text" value="0"/> / 15
Grammar	<input type="text" value="0"/> / 4
Punctuation	<input type="text" value="0"/> / 4
Spelling	<input type="text" value="0"/> / 4

Mark: 0 / 27 [Assign Mark](#)

DFSQ Only - File Attach items

In the mark screen, markers can download the completed files candidates have uploaded.

Introduction

You need to organise a meeting at work.

Task 1

4 marks

Suggested time for Task 1: 10 minutes

- Create a folder called **Tasks**. (1 mark)
 - Click on the button below to download the **Task 1 File**. (1 mark)
 - Save a copy of your **Task 1 File** in your **Tasks** folder.
- Take one screenshot to show the folder you have created and the file you have stored.
Paste the screenshot into your **Task 1 File**.
Save your finished **Task 1 File**. (1 mark)
- Upload your finished **Task 1 File** by using the **Upload** button below. (1 mark)

When you have finished Task 1, click *Next*.

Task 1 File

Upload

File Name	Date Uploaded	File Size	
Task 1 File 210324.docx	21/03/2024	57KB	AI  x

File Upload - Additional Files

Choose File

Click the 'download' icon to access the candidate file.

At the bottom of the screen, a download taskbar will appear showing the selected file.

Note: This functionality is not used in City & Guild exams, so it is not recommended to use it in the sample

 Task 1 File 210324.docx  x

Click this icon to 'open' the download.

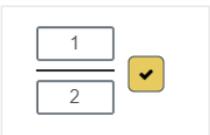

Marking Annotations

A range of annotation tools will be available depending on the subject. To ensure that candidates get the best experience of completing sample tests with full feedback, the use of annotations in marking, will enhance the feedback for candidates and provide them with a greater understanding of how to improve their performance in a Functional Skills exams.

Click on the **Annotations** button on the right side of the screen to open the annotation tool menu.

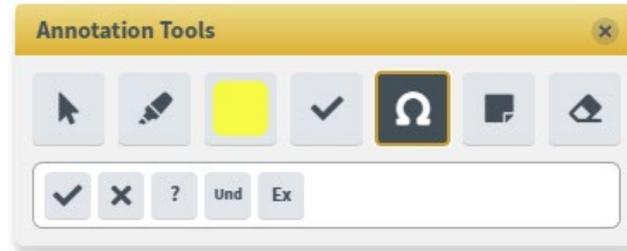

The annotations toolbar contains the following tools:

Button	Description
Cursor 	Allows you to select question content. It also allows you to move annotation made.
Highlight Line 	Allows you to draw a semi-transparent horizontal line across answers. 
Highlight Colour 	Allows you to change the colour of the highlight. Colours available: yellow, green, and red. 
Tick 	Allows you to leave a stamped tick mark on the item content. 

Allows you to place a stamped symbol on the answer content. The symbols available will vary depending on the subject.

Maths:

? = expression unclear
Und = understanding
Ex = explanation

Reading:

BOD = benefit of doubt
Und = understanding
NBD = no benefit of doubt

Writing:

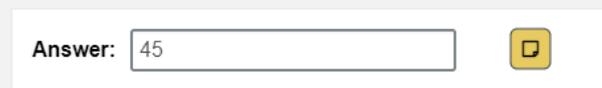

? = expression unclear
BOD = benefit of doubt
pu = punctuation
SPG = spelling, punctuation and grammar
sp = spelling
gr = grammar

Symbols

Allows you to add a text box overlaying the item.

Comments

<p>Eraser</p> 	<p>Allows you to delete annotations that have been added.</p>
---	---

To add annotations, select the annotation tool needed. Once activated, click on to the question or answer content when. The annotation will 'stamp' onto the content. The highlighter will need to be drawn horizontally.

Marker Comments

Additional marker comments can also be added for each question.

Click the 'Marker comments' box. A text box will appear over the question for comments to be added.

Important: any annotations or comments added to a question **must** be 'saved'. Saving is activated by clicking the 'Assign Mark' button. If changes to the mark or annotations are not saved, the following warning will appear. Click **Cancel > Assign Mark** to go back and save any changed to the question.

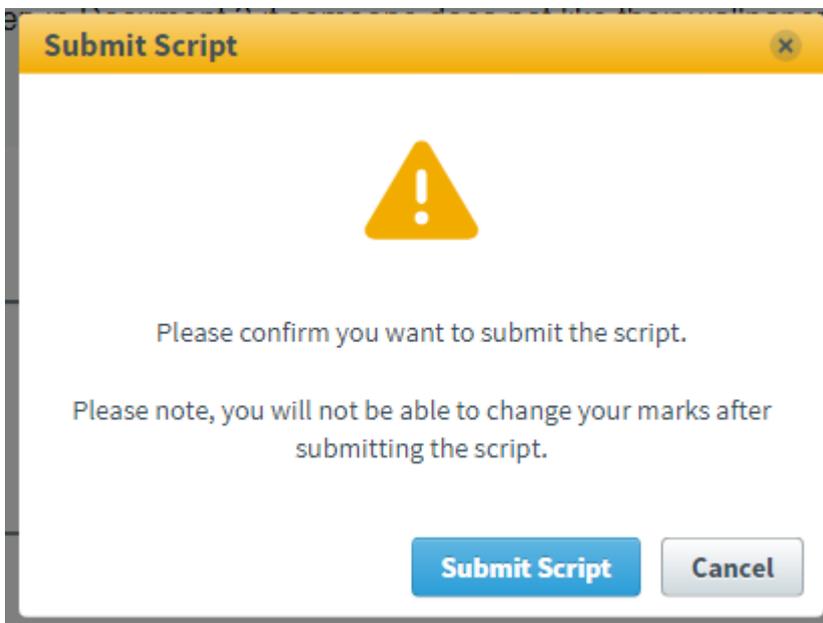

Completing Marking

When you have finished marking all answered questions, the progress bar will move to 100%. Select **Submit Script**.

Confirm or select Cancel to return to marking.

The test will now move out of the **Mark** tab and into the **Results** tab.

11. Results

To view the **Results** screen, go to **Test Administration > Results**

In the Results screen, you can view and manage candidates' completed scripts. This includes activities such as viewing candidate and test breakdowns.

Keycode	Last name	First name	Subject	Test Name	Candidate ref.	Percent	Mark	Centre Name	Completed	Duration
Q	Q	Q		Q	Q	Q		Q	06/05/2023 - ...	

There are several reports available on the results screen.

Select the line and choose from the options available to save or print.

The raw marks and percentage presented should be compared with the indicative pass mark range available from the 4748 Qualification page to make a judgement about the candidates' performance.

No Pass/Fail result will be shown on this screen, although this will appear on the candidate breakdown.

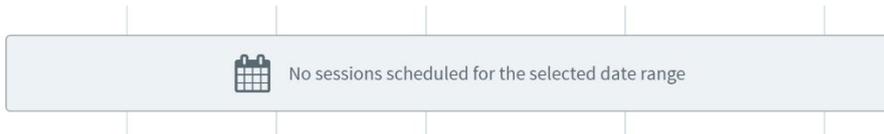

12. Candidate Review

A candidate review session allows candidates and tutors to re-enter their tests to review the items and their responses. In Surpass, the **Candidate Review** screen is where candidate review sessions are scheduled for a specific date and time.

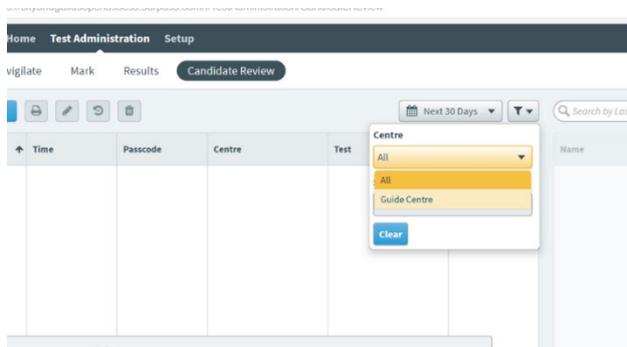

To view the **Candidate Review** screen, go to **Test Administration > Candidate Review**.

When you arrive on this screen it will be displaying a message:

You need to change the Filter option from **All Centres** to your own centre:

This will display all available sample tests that have already been scheduled and available for candidate review sessions.

Scheduling a review

The review function allows the candidate to see the test and the marks awarded and any rich feedback which has been applied. The default setting is to allow the paper to be reviewed for 30 days but it is possible to extend that period to allow the candidate and tutor to revisit the paper over time.

Select **+ Schedule Review** to open the **Schedule Candidate Review** wizard.

Select a date range if the test required is outside of the default 30 days or untick the box to select a specific date.

Schedule Candidate Review

Test Form Sample 1

Schedule all available candidates

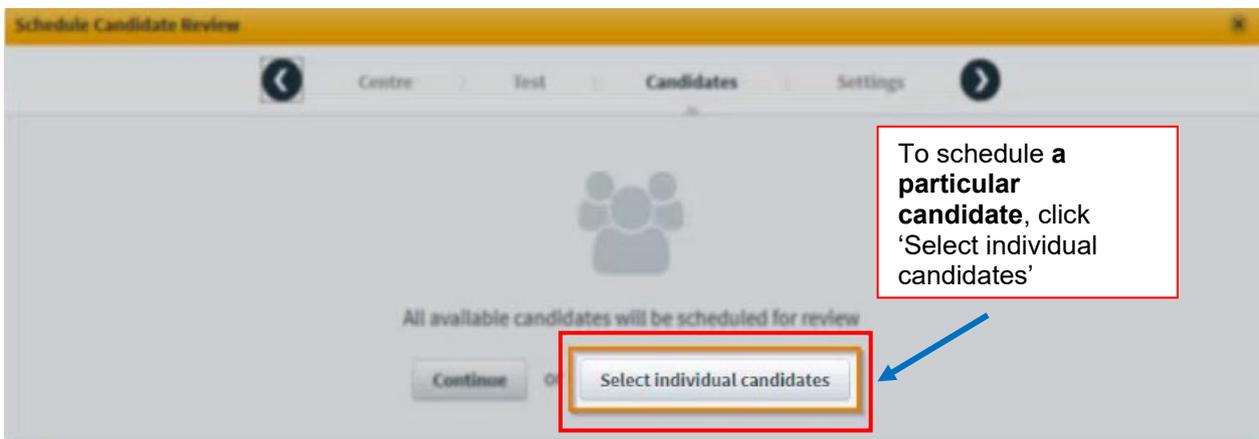

Scheduled candidate review sessions appear in the Candidate Review table.

Date	Time	Passcode	Centre	Test	No. of Candida...	Name	Candidate Ref.	Keycode	Completed Date
25/09/2023	00:00 > 23:59	6P4HSA	OpenAssess	4748-110 Functional ...	1	Jody Morgan	JodyM_QR	6JLMHBKL	25/09/2023

Scheduling individual candidates

Choose Select individual candidates to schedule specific candidates for the candidate review session.

In the Candidates tab, you can view all candidates who sat the test.

Select Schedule all available candidates to select all candidates in the list.

Specific candidates can be searched for by typing the candidate's last name, keycode or candidate reference into the search field.

Name	Ref	Keycode	Test Form	Completed	
Nicola Bennett	BennettN_QR	VX4L7KKL	Sample 2	06/09/23	<input type="checkbox"/>
Nicola Bennett	BennettN_QR	HTVYVFKL	Sample 2	13/09/23	<input type="checkbox"/>
Nicola Bennett	BennettN_QR	9RBLPLKL	Sample 2	13/09/23	<input type="checkbox"/>
Nicola Bennett	BennettN_QR	HGPBMCKL	Sample 2	13/09/23	<input type="checkbox"/>
Nicola Bennett	BennettN_QR	WKWVYXKL	Sample 2	13/09/23	<input type="checkbox"/>

Tick to select individual candidates

Click the arrow to proceed.

The screenshot shows the 'Schedule Candidate Review' interface. At the top, there is a navigation bar with 'Centre', 'Test', 'Candidates', and 'Settings'. A red box highlights a right-pointing arrow in the 'Candidates' section, with a blue arrow pointing to it from the text 'Click the arrow to proceed.' Below the navigation bar, there is a search bar and a table of candidates. The table has columns for Name, Ref, Keycode, Test Form, Completed, and a checkbox. Two candidates are checked. At the bottom, it says '5 Candidates Available' and '2 Selected'.

Name	Ref	Keycode	Test Form	Completed	
Nicola Bennett	BennettN_QR	VX4L7KKL	Sample 2	06/09/23	<input checked="" type="checkbox"/>
Nicola Bennett	BennettN_QR	HTVYVFKL	Sample 2	13/09/23	<input type="checkbox"/>
Nicola Bennett	BennettN_QR	9RBLPLKL	Sample 2	13/09/23	<input type="checkbox"/>
Nicola Bennett	BennettN_QR	HGPBMCKL	Sample 2	13/09/23	<input checked="" type="checkbox"/>
Nicola Bennett	BennettN_QR	WKWVYXKL	Sample 2	13/09/23	<input type="checkbox"/>

A passcode for all candidates scheduled for the review is generated.

The screenshot shows the 'Schedule Candidate Review' form. It has fields for Passcode (5KGMRH), Date (26/09/2023), Time (From: 00:00, Until: 23:59), and Feedback options. There are two buttons at the bottom: 'Schedule Review' and 'Schedule Review & Print Keycodes'. Annotations with arrows point to various parts of the form.

Annotations:

- Passcode: 5KGMRH
- Date: 26/09/2023, Multiple day checkbox
- Time: From: 00:00, Until: 23:59
- Feedback: Show 'View Feedback' Button, Display 'Feedback by Learning Outcome' screen, Enable marker comments & annotations
- Buttons: Schedule Review, Schedule Review & Print Keycodes

Select the date that the review will be available. It is useful to make the review available for multiple days rather than a specific day for flexibility – just tick the box and select the time period.

Leaving the times as set will allow 24 hour access to the review.

Ensure that all three Feedback boxes are ticked so that the candidate can view the comments and annotations made when the test was marked.

Select Schedule Review to schedule the candidate review session or select Schedule Review and Print Keycodes to schedule the candidate review session and print keycode slips for candidates.

Scheduled candidate review sessions appear in the Candidate Review table.

The screenshot shows the 'Candidate Review' table. It has columns for Date, Time, Passcode, Centre, Test, No. of Candidates, Name, Candidate Ref., Keycode, and Completed Date. The first row is highlighted in orange.

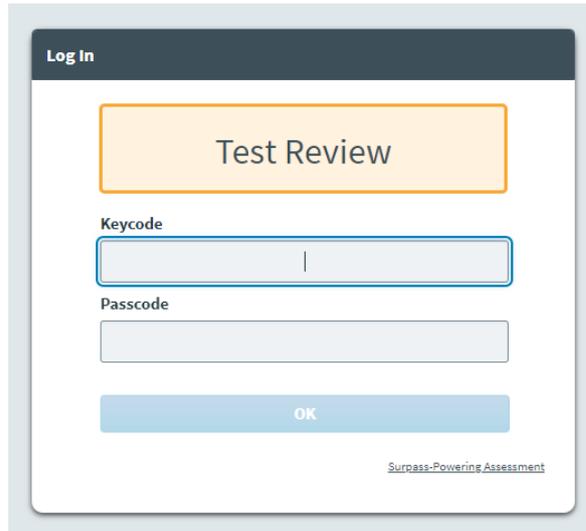

Date	Time	Passcode	Centre	Test	No. of Candidates	Name	Candidate Ref.	Keycode	Completed Date
26/09/2023	00:00 > 23:59	5KGMRH	OpenAssess	4748-110 Functional ...	2	Nicola Bennett	BennettN_...	VX4L7KKL	06/09/2023
						Nicola Bennett	BennettN_...	HGPBMCKL	13/09/2023

Reviewing a test

In order to review a test you will need to share the URL for the part of the Open Assess website that contains the reviews This should be opened in a web browser such as Microsoft Edge or Google Chrome.

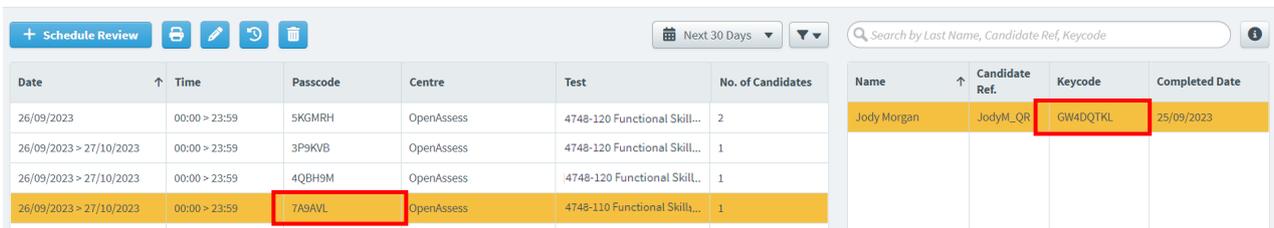

<https://cityandguildsopenassess.surpass.com/reviewtest>

In addition to the URL you will need both the Passcode and the Key code in order that the test can be reviewed:

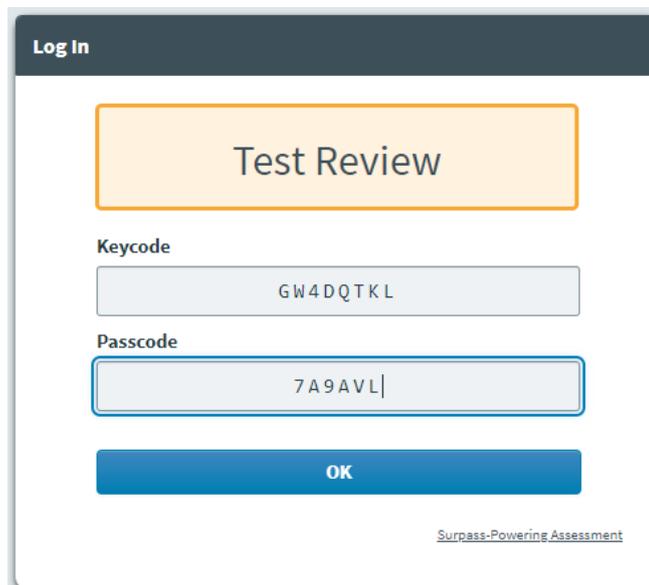

The screenshot shows a 'Log In' window titled 'Test Review'. It contains two input fields: 'Keycode' and 'Passcode', both of which are currently empty. Below the fields is a blue 'OK' button. At the bottom right, there is a small link that says 'Surpass-Powering Assessment'.

Enter the Key code and Passcode and the test will open.

The screenshot shows a 'Schedule Review' interface. At the top, there is a search bar with the placeholder text 'Search by Last Name, Candidate Ref, Keycode'. Below the search bar is a table with the following columns: Date, Time, Passcode, Centre, Test, No. of Candidates, Name, Candidate Ref., Keycode, and Completed Date. The table contains four rows of data. The first row has a date of 26/09/2023, time 00:00 > 23:59, passcode 5KGMRH, centre OpenAssess, test 4748-120 Functional Skill..., and 2 candidates. The second row has a date range of 26/09/2023 > 27/10/2023, time 00:00 > 23:59, passcode 3P9KVB, centre OpenAssess, test 4748-120 Functional Skill..., and 1 candidate. The third row has a date range of 26/09/2023 > 27/10/2023, time 00:00 > 23:59, passcode 4QBH9M, centre OpenAssess, test 4748-120 Functional Skill..., and 1 candidate. The fourth row has a date range of 26/09/2023 > 27/10/2023, time 00:00 > 23:59, passcode 7A9AVL, centre OpenAssess, test 4748-110 Functional Skill..., and 1 candidate. The 'Name' column shows 'Jody Morgan' for the first row, and 'Candidate Ref.' shows 'JodyM_QR' for the first row. The 'Keycode' column shows 'GW4DQTKL' for the first row, and the 'Completed Date' column shows '25/09/2023' for the first row. The 'Passcode' '7A9AVL' and 'Keycode' 'GW4DQTKL' are highlighted with red boxes.

The screenshot shows the same 'Log In' window titled 'Test Review'. The 'Keycode' field now contains the text 'GW4DQTKL' and the 'Passcode' field contains the text '7A9AVL'. The 'OK' button is still present at the bottom. The link 'Surpass-Powering Assessment' is also visible at the bottom right.

Reviewing individual questions

A candidate can review individual questions in Reading, Writing, Maths and Digital Functional Skills Candidate Review sessions.

Note: For Digital Functional Skills tests, file attach items display the 'download' button for attachments candidates have uploaded. However, file attachments **cannot** be viewed from the candidate review screen.

To review individual questions, click on the question number and the test will open at that question, showing the candidate response.

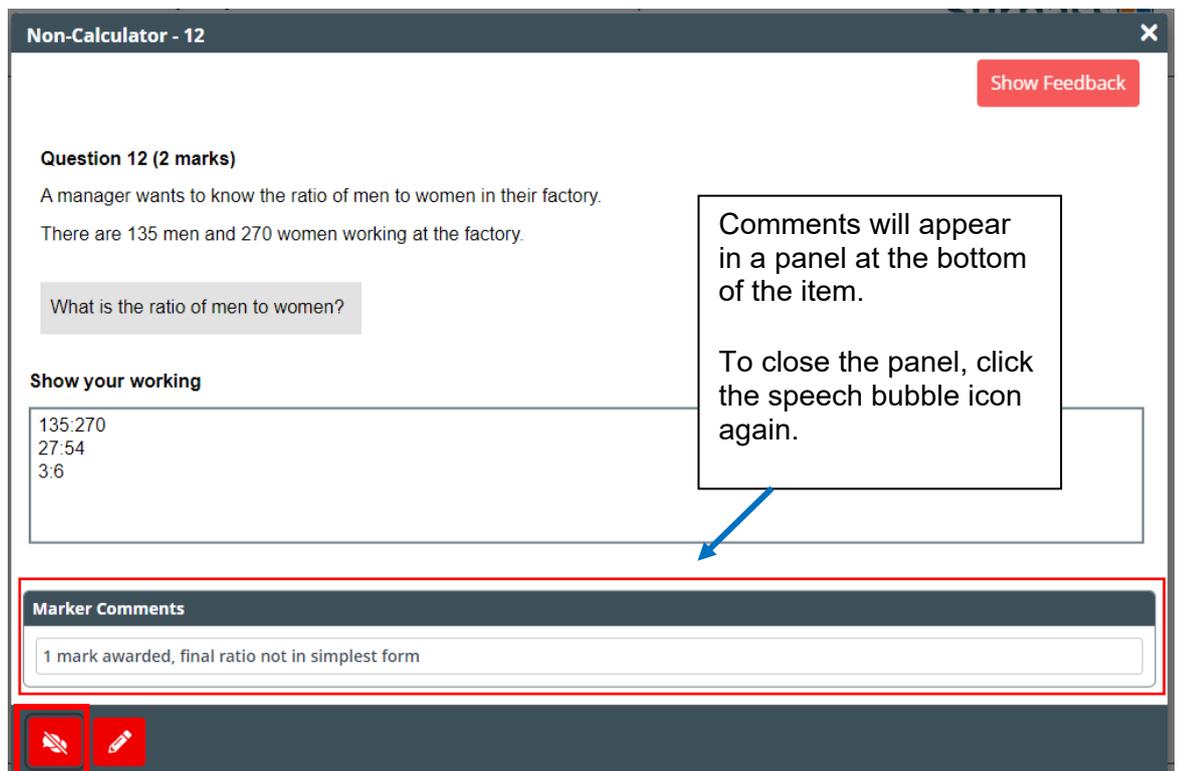

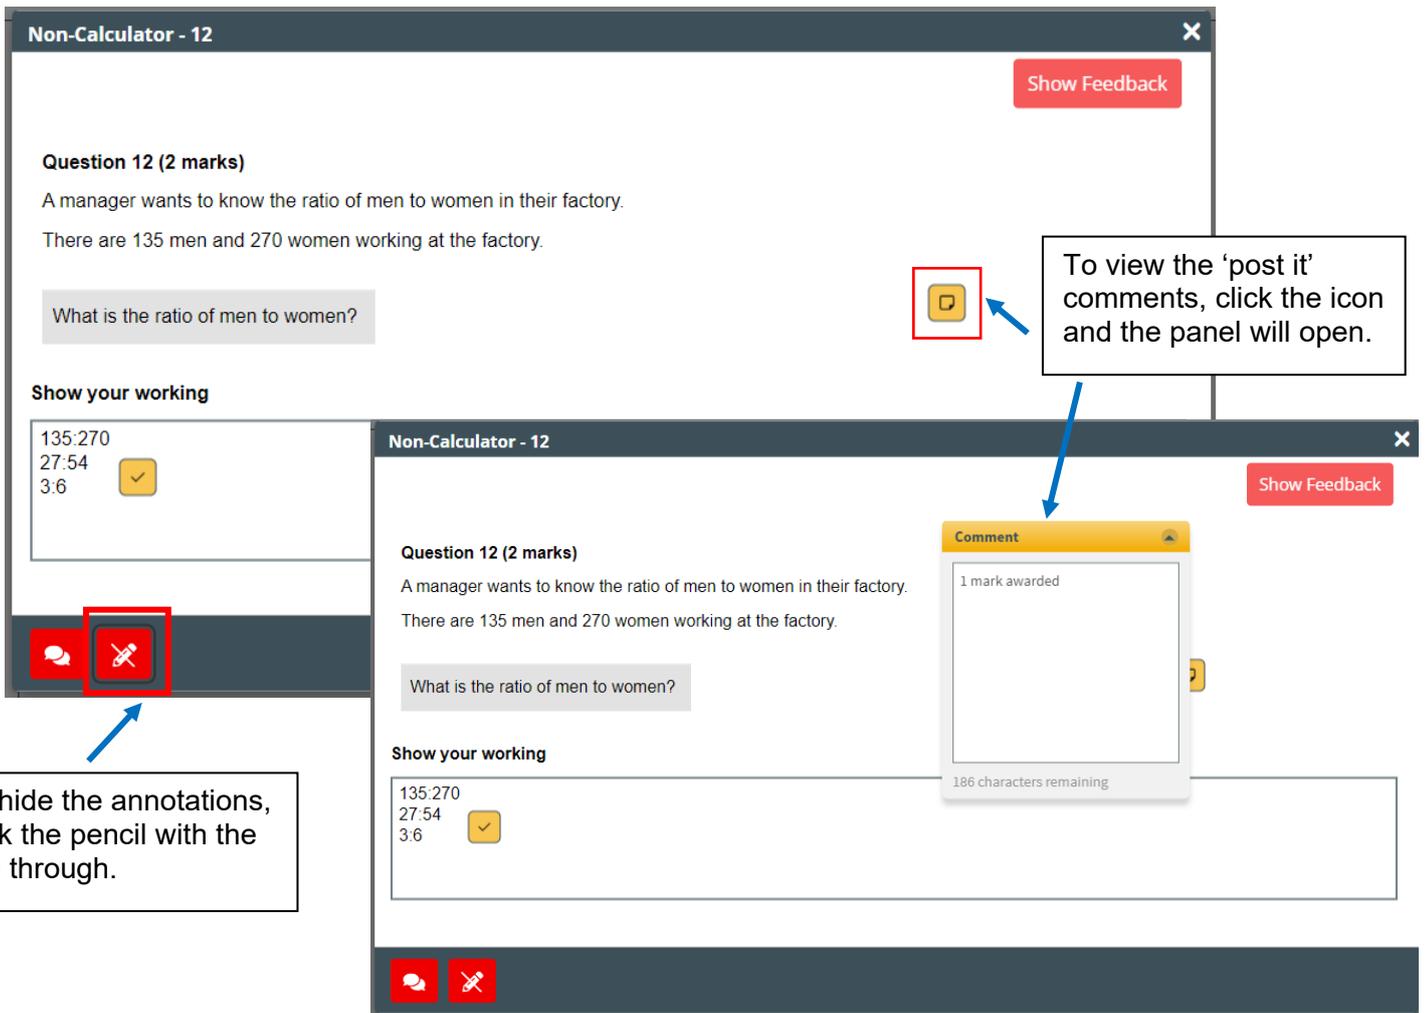

The screenshot shows the candidate review interface. At the top, there are three tabs: "Summary By Question", "Summary By Unit", and "Summary By Learning Outcome". Below the tabs, a message states: "You can review each of the questions by selecting the individual question buttons".

The interface is divided into two sections: "Non-Calculator" and "Calculator". Each section contains a grid of question buttons. In the "Non-Calculator" section, the button for question 12a (1/1) is highlighted with a red box. A blue arrow points from this button to a pop-up window titled "Non-Calculator - 12".

The pop-up window displays the question text: "Question 12 (2 marks) A manager wants to know the ratio of men to women in their factory. There are 135 men and 270 women working at the factory. What is the ratio of men to women?". Below the question, there is a "Show your working" section with the candidate's response: "135:270", "27:54", and "3:6". A red "Show Feedback" button is located in the top right corner of the pop-up.

At the bottom of the pop-up, there are two icons: a speech bubble and a pencil. The pencil icon is highlighted with a red box, and a blue arrow points from it to a text box that says: "To view annotations that were made by the marker, click the pencil. Any annotations applied during marking will display on the item."

Another text box on the right side of the pop-up says: "The question and candidate response will display in a pop-up".

About City & Guilds

Since 1878 we have worked with people, organisations and economies to help them identify and develop the skills they need to thrive. We understand the life changing link between skills development, social mobility, prosperity and success. Everything we do is focused on developing and delivering high-quality training, qualifications, assessments and credentials that lead to jobs and meet the changing needs of industry.

We work with governments, organisations and industry stakeholders to help shape future skills needs across industries. We are known for setting industry-wide standards for technical, behavioural and commercial skills to improve performance and productivity. We train teams, assure learning, assess cohorts and certify with digital credentials. Our solutions help to build skilled and compliant workforces.

Every effort has been made to ensure that the information contained in this publication is true and correct at time of going to press.
