

# City & Guilds Technicals

## Examination Timetable, 2016

### **Starting times of examinations**

Each examination must be taken on the day and at the time shown on the timetable. The published starting time of all examinations is either **9.00am** or **1.30pm**.

Candidates completing the examination early must remain under supervision until **10.00am** for morning examinations and **2.30pm** for afternoon examinations.

Centres may **delay the starting time** of an examination within the scheduled session without notifying City & Guilds but candidates must be supervised from **9.30am** for morning examinations or **2.00pm** for afternoon examinations.

Candidates taking more than one examination in a session should take these consecutively. A **supervised** break may be given between the examinations taken consecutively at the discretion of the centre.

**In exceptional circumstances** where the size of the cohort means that it is not possible for all candidates to sit the examination at the same time, centres may split the cohort with some of the cohort sitting the examination later than the published time. The security of the examination must be maintained at all times. Candidates taking the examination at the later time must be **supervised** all times.

### **Supervision of candidates**

Candidates that are required to be supervised, must be supervised by a member of centre staff or an invigilator. Candidates must not be in possession of an electronic communication/storage device or have access to the internet.

For information on any other timetable variations, please refer to the JCQ *Instructions for conducting examinations* or contact Liam Baker ([liam.baker@cityandguilds.com](mailto:liam.baker@cityandguilds.com)).
