*Please note there is no employer involvement needed at KS4*

## **Portfolio element of Technical Qualifications; 6010-30 & 31 and 6003-32**

We would like to highlight the requirement for candidates to produce an industry portfolio as part of the following qualifications

**City and Guilds Level 3 Advanced Technical Diploma in Nail Technology (6003-32) (see page 18 of the qualification handbook)**

**City and Guilds Level 3 Advanced Technical Diploma in Media Make-up Artistry (6010-30) (see page 16 of the qualification handbook)**

**City and Guilds Level 3 Advanced Technical Diploma in Theatrical, Special Effects and Media Make-up Artistry (6010-31) (see page 15 of the qualification handbook)**

Each portfolio is graded internally as pass or fail.

They are included in the above qualifications to reflect the importance of having an industry portfolio of creative work which showcases artistic ability with their respective industries. The learners are required to put together a portfolio of their work that has produced over the duration of their course. They will be judged on quality of the production of their portfolio.

A brief to cover exactly what is to be required will be uploaded onto the City and Guilds website.

### **Apprenticeship standards update – England**

#### **New guidance on how the apprenticeship funding will operate**

1. Employers that are too small to pay the levy will have to pay 10 per cent of the training costs, with the remaining 90 per cent paid by the government
2. Employers with fewer than 50 people working for them will not have to pay towards training costs of 16-18 apprentices, which will be 100 per cent met by government
3. When employers take on a 16-18 apprentice, they will receive £1,000 to “meet the extra costs associated with this”. This would be paid to employers in two equal instalments after three months and 12 months, as under the current funding system. Initially, these payments will be made to

employers via their training provider; eventually, the government says this will be paid directly to employers

4. Extra support of £2,000 will be available for employers and training providers that take on 16-18-year-olds or young care leavers with an education, health and care (EHC) plan. The employer and provider will each receive £1,000. Employers with fewer than 50 employees will also have 100 per cent of their training costs paid for by government if they take on these apprentice
5. The proposed funding system will consist of 15 bands, each with an upper limit ranging from £1,500 to £27,000. All existing and new apprenticeship frameworks and standards will be placed within one of these funding bands, with employers left to negotiate prices with providers

### **APPRENTICESHIP FUNDING OVERVIEW**

- Government will contribute £2000 towards the costs of 16-18 apprenticeships – £1000 for the employer, £1000 for the provider.
- But for Frameworks only, there is additional transitional funding to support for providers with 16-18 yr. old apprenticeship delivery.
- Further funding support and incentives for care leavers, and those with Education and Healthcare plans.
- Payment for English and Maths – £471 per qualification, not taken from employers levy – paid for by government direct to provider.
- All existing apprenticeship frameworks and standards have been put into one of 15 funding bands from 1st May 2017
- There will no longer be any age restrictions to apprenticeship delivery after May 2017

### **New funding bands for current Frameworks**

Framework name	Level	Funding band	16-18 Employer incentive	16-18 Provider Incentive	Provider uplift for 16-18 and ECHP at 20%, for framework only	Total 16-18 and ECHP provider incentive (inc £1000)	Maximum possible total provider funding
Hairdressing /Barbering	2	£3,000	£1,000	£1000	£500	£1,500	£4,500
Hairdressing/Barbering	3	£3,000	£1,000	£1000	£500	£1,500	£4,500
Beauty Therapy General	2	£2,500	£1,000	£1000	£500	£1,500	£4,000
Beauty Therapy General	3	£2,500	£1,000	£1000	£500	£1,500	£4,000

### **Forearm Masterclass event**

Today's beauty and spa industries are fast paced, highly competitive and constantly evolving. Ensuring newcomers to the industry have access to the latest and most professional training when preparing to enter the work place is essential in moving the profession ever forward.

We at City and Guilds understand this more than anyone else and have, as a result, designed CPD training in forearms massage to cater to the needs of professional trainers looking to advance and develop their skills with a view to enhancing their own massage training delivery.

Our fantastic forearms massage CPD offers those already involved in the industry a chance to develop their skills to include a range of enhanced techniques that can be incorporated into their own routines and training programmes. During our intensive 1 day course candidates will;

Explore the principles of forearm massage techniques and the benefits to a therapist.

- Discover hints and tips around delivery of forearm massage.
- Enhance knowledge and skills around posture analysis.
- Enhance knowledge of skills application via practical task, discussion and visual aids.
- Evaluate new techniques for practical application and delivery.
- Establish future development needs in your individual teaching, learning and assessment practice.
- Discuss how to use forearms training moving forward.

Would you like to host a Forearm Masterclass event at your Centre? Please contact Sarah Fillaudeau on 07812179335 or [sarahfillaudeau@aol.com](mailto:sarahfillaudeau@aol.com)

This session is all about adding to and updating fundamental hair knowledge with fresh alternatives to share with your learners. The content is easily adaptable for use and understanding in your daily delivery of all hair units.

We will be covering one complete haircut – the flat-top – and focusing on the main principles of a further six techniques within the Level 3 Barbering unit:

- Layering.
- Square layering with over-direction.
- Scissor over comb.
- Clipper over comb.
- Blending using clippers and attachments.
- Texturising including point cutting.

### Barbering: patterns, outlining and fading

#### Overview

This session is all about adding to and updating fundamental hair knowledge with fresh alternatives to share with your learners. The content is easily adaptable and useable in your daily delivery of all hair units.

We will be covering three complete techniques:

- **Patterns:** A variety of scissor, clipper and razor techniques to cut straight and linear patterns into hair. This will cover symmetrical and 3D hair patterns.
- **Fading:** How to create a graduated transition from short to long hair, using a variety of clippers, attachments and combs.
- **Outline Details:** How to create graduated outline shapes using a variety of clippers, attachments, razors and combs.

All of these techniques are essential within the Level 3 Barbering unit.

## Barbering: shaving

### Overview

This session is about adding to and updating fundamental shaving knowledge with fresh alternatives to share with your learners. The content is easily adaptable and useable in your daily delivery of all hair units.

We will be covering one complete open razor shave as well as different techniques that will cover the grooming of beards and moustaches.

You will watch and learn every step of a hot towel cut throat shave, from correct consultation and health and safety, to correct product knowledge and application, equipment knowledge and the correct use of hot and cold towels.

This Masterclass will give you a greater awareness of how to safely and competently use a cut-throat razor. However, it takes time and practise to master this technique.
